Spring 2016

2016 Arbor Day Celebration on School Street

Arbor Day Event & Tree Board News

The Village Tree Board has had a very busy “dormant” season. During the dark and leafless days of winter, board members have been hard at work planning the 2017 Arbor Day Planting Event, applying for a NYS DEC Grant, updating the village tree inventory and welcoming new members.

Victor Municipal Park has been chosen as the site of the Arbor Day Event which will take place on Saturday, April 29th. As some residents may have noticed, approximately 35 ash trees have been removed from the park due to Emerald Ash Borer infestation. This Asian beetle infests and kills North American ash species. It is responsible for the destruction of millions of ash trees in the U.S. since its discovery in Michigan in 2002. Its presence was confirmed in New York State in 2012. In areas of heavy infestation, most ash trees will die in 2-4 years of becoming infected. According to the NYS DEC, ash makes up 20% of the trees in Ontario County.

Chris Luley, of Urban Forestry Diagnostics, provides consulting arborist services to the Tree Board. Within the mowed areas of the park, Chris has identified approximately 14 trees that are suitable for treatment and preservation. The trees that are severely infected have been removed for safety reasons as well as preparing for new planting.

The focus of the 2017 Arbor Day Event will be a major replanting of the park. A diverse mix of trees are being ordered for planting, including oaks, redwoods, River Birch, Hackberry, Hawthorns, Catalpa and conifers. Three disease resistant elm trees will also be planted. Many are familiar with the devastation caused by Dutch Elm disease in the latter half of the 20th century. Over 75% of elm trees were gone by 1989. Helping to reestablish a devastated species such as the elm, lends special significance to this year's planting.

The Board will be working closely with the Department of Public Works and Victor Parks and Recreation to make sure the Arbor Day Event is safe, fun and productive for all involved. Volunteers are always encouraged to help with planting. All are invited to participate in the day's activities. Help make a difference in your community! Activities will begin at 10:00 A.M. at the Municipal Park. Look for details on Facebook at Victor Village Tree Board.

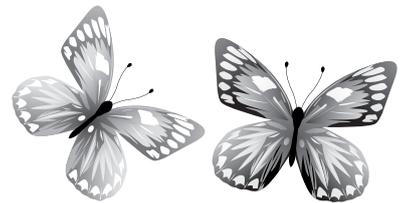

The other major project recently addressed was completion of the 2016 Urban and Community Forest Grant Program application through the NYS Department of Environmental Conservation.

Town
Supervisor,
(585) 742-5020

Town Supervisor's News

As I write this newsletter, it is difficult to believe that a quarter of the year is nearly over. From a financial standpoint, I felt our residents would like an update regarding the town budget and changes we have made, and continue to, implement to increase the transparency and integrity of our fiscal situation.

Year-end figures came in near expectations. This enabled us to kick off the New Year where we expected to be.

Each month, in addition to Expense and Revenue Reports, our Finance Director provides an analysis of each account that falls outside of our projected range. This provides our Town Board information regarding excess expenditures or revenue shortfalls. While still relatively early in the year, I am happy to report that our projections are all currently on target. By reviewing each of these accounts monthly, the Finance Director, Department Heads, and Town Board can react in a timely manner and adjust as necessary. These measures, as well as more realistic revenue projections for 2017, will further enable us to meet or exceed our goals for 2017.

We are reviewing existing reserves to assist us with current operations as well as structuring a better framework for long-range goals. This will also enhance our ability to develop multi-year budgets going forward. We are reviewing contracts as they expire to be sure we are being prudent with taxpayer dollars. We are reviewing and clarifying policies to assure the greatest fiscal integrity possible. Our employees, too, have stepped forward with cost savings ideas which we review and implement as appropriate.

Please be assured that we are moving forward in a conservative and fiscally sound manner.

The Town completed its Public Safety/Emergency Services Study in March, and are in the implementation phase of improvements identified by the study:

Law Enforcement:

- Town of Victor Enhanced Road Patrol:
 - The Town Board in the 2017 Budget supported entering into a contract for 15 hours per week with the Ontario County Sheriff's Department for additional traffic enforcement.
 - This was driven by the high number of complaints from our Town residents about the speed of motorists on our Town roads.
 - Residents have reported that they witness this activity for the most part throughout the commuting hours in the morning and again in the afternoon.
 - We have provided the Sheriff's department with a map identifying some of the areas of the Town in question. In addition, we have also identified stop signs that are ignored on a regular basis.
 - The Town Board will be receiving monthly reports, identifying the number of citations written and the

locations.

- If you have any areas of the Town that you would like to see enhanced traffic enforcement, please go to the Town's Website and homepage, at www.victorny.org, click on the prompt CONTACT US, at the bottom of the page, and send us your suggestions.
- Victor Traffic Control Services started on March 13, 2017, with 3 tickets issued the first day at the stop sign at Cork Road & Modock Road.
- Work is commencing on procuring dedicated law enforcement for Victor, and providing a satellite office in the Village for Ontario County Sheriff and New York State Police personnel.

Ambulance:

- The study identified the need for the formation of a Special District for Ambulance Services with the Towns of Victor and Farmington. Factors such as declining volunteers, increased need for full-time paid staff, aging population, rising costs, uncollectables, and aging assets are requiring additional funding measures to be able to provide quick emergency response to both residents and visitors to our community. Victor Farmington Volunteer Ambulance Corps responded to over 2,100 calls in 2016, and the demand continues to grow. More information on the Special District will be coming soon in public workshops and Town Board meetings.

Fire:

- The study also identified the need to restructure the organization of the fire service to provide the most efficient and cost-effective services for the community. Since 1986, across the nation, volunteering for emergency services is in decline, while the frequency of calls and technical standards are increasing. In 2016, there were over 1,100 fire calls in the Town and Village of Victor. The demographics of our community are changing, and time for our residents to donate as volunteer firefighters is in scarce supply. The volunteers of the Victor Fire Department struggle to keep up on the volume of calls, and increasingly rely on the paid staff from the Fishers Fire District for assistance.
- A joint public hearing between the Village and Town Boards regarding the fire district formation will take place on Monday, May 22, 2017 at 7:00pm, at the Victor Town Hall. We invite all Town and Village residents to attend the meeting, to hear information from the Victor Fire Department and Fishers Fire District, and to give your thoughts to both Town and Village Boards regarding the Consolidated Fire District formation.

As always, please feel free to reach out to me directly with any questions or concerns.

News from the Town Clerk's Office

By Debra J. Denz, Town Clerk

Debra Denz, Town Clerk 742-5080

Office Hours

The Town Clerk's Office is open Monday through Friday, 8:30 A.M. to 4:30 P.M., and on Wednesday evenings until 7:00 P.M. For your convenience, there is a drop box located at the rear entrance to the Victor Town Hall. Payments by check may be placed in the drop box. The drop box is checked daily by 8:00 A.M. on regular business days. Payments collected will be considered received on the prior business day.

The Town Clerk's office provides a variety of services to our community including issuing marriage licenses, hunting and fishing licenses, dog licenses and accessibility parking permits. The Town Clerk is also the Tax Receiver for Town & County taxes. Many forms and applications are available electronically through the Town of Victor website at: www.victorny.org, departments, town clerk, forms.

Town Board Correspondence, Meetings, Agendas and Meeting Minutes

Town Board meetings are scheduled every second and fourth Monday of each month during the year at 7:00 P.M. (with Holiday exceptions: Tuesday October 10, 2017, and Tuesday December 27, 2017) and are open to the public.

Should you wish to personally appear before the Town Board during the Privilege of the Floor portion of the meeting, please contact the Town Supervisor's Office, 585-742-5020, for inclusion on the agenda. There is a Public Comment Section on every agenda where citizens may speak regarding any subject. Any correspondence directed to the Town Board should be addressed to the Town Clerk, 85 E. Main St., Victor, NY 14564. Upon receipt, the Town Clerk will forward a copy to each Town Board member and make note during the next Town Board meeting.

Town Board meeting agendas and meeting minutes are available online at www.victorny.org. Meeting minutes are posted after Town Board approval and designated with a green check mark in the center of the page. A choice of the current or previous years' minutes is made by selection from the right hand side of the Town Board Agenda & Minutes heading.

Dog Licensing

All dogs harbored in Victor must be licensed at four months of age. Licenses may be obtained by mail or in person from the Town Clerk's office located in the Town Hall at 85 East Main Street. Information online at: www.victorny.org, departments, Town Clerk, dog license. Our telephone number is 585-742-5080 if you have questions. Should you need to call our dog control officers, they can be reached at the following number:

- Ontario County Humane Society, 2976 County Road 48, Canandaigua, NY 14424 Phone: (585)396-4590 Email: www.yourhumanesociety.org

Fast Friends

Are you thinking about a new four legged friend? Have you considered a retired racing greyhound? You are probably thinking high energy and are immediately not interested. Their nickname is "40 Mile Per Hour Couch Potato". What does that mean? On occasion, some more

than others, have a desire to run for about 5 minutes every few days and then it's back to the couch, preferably dog bed, your choice, for some R&R. In between mad dashes, a few walks may be required. Typically a racing greyhound starts their career at 18 months and ends by 5 years old. Many have completed this adventure of their life sooner as they don't have a desire to run or may not be making the owner money. There are numerous groups located near race tracks that will screen the retired greyhounds for adoptability, who then send them to organizations like Greyhound Association of Greater Rochester whom assists in finding homes for these mild mannered canines. For more information go to www.greyhoundadopt.org.

DBA's? The Ontario County Clerk's office provides these documents and services. Contact the Ontario County Clerk's office at 585-396-4200 or visit their website at www.co.ontario.ny.us.

Fishing Licenses

Annual fishing licenses are now valid one full year from the date of purchase. The resident fee for an Annual License is \$25 (ages 16-69) \$5 (ages 70+).

Free Fishing Days

Saturday, June 24th and Sunday, June 25, 2017 are free fishing days, the perfect time to take a friend or relative fishing in any of New York State's waters, with no license required!

Fishing licenses are required for 16 years and older. Anyone accompanying a child fishing is required to have a fishing license. For more information visit www.dec.ny.gov

Town Hall Bulletin Boards

Located by the Town Clerk's Office is the bulletin board for legal notices, scheduled public hearings, bids and Town meeting notices. Located by the rear entrance is a community bulletin board where upcoming events can be posted. Please stop by the Town Clerk's Office and we can date stamp and post your community events flyers. Current issues of "News Beat" from the Ontario County Office for the Aging and "The Inside Dirt" from

the Cornell Cooperative Extension are also posted. Stop in and take a peek.

2017 Active Peddler Permits

Additional Peddler Permit information can be found on our website www.victorny.org.

Keystone Novelties Distributors – Expires May 27, 2017

NYPIRG – Expires June 15, 2017

Adams Outdoor Accents – Expires July 6, 2017

TOWN

Victor Senior News

Our meetings are the second and fourth Monday of each month at the Victor Town Hall; 85 East Main St, Victor, New York. Lunch is at noon followed by a meeting. Once a month, there is a program after the meeting. On the second Monday of the month, there is a sandwich meeting and dessert will be provided. There will be a tureen dinner on the fourth Monday of the month. Everyone brings a dish to

pass and their own table service. Coffee and tea are provided.

We invite you to come to the meetings for lunch, to learn about our trips and activities. Residents only have to be 60 years of age to belong to the group. Only one spouse is required to make the age requirement. For more information contact Esther Green at 585-924-2285.

Planning and Building Department

By Katie Evans, Director of Development

Greetings Victor Community! As we start to enjoy the spring season I wanted to take a moment to explain the roles of the two department divisions; Planning and Building as well as provide questions and answers commonly asked.

Planning Division

The Planning division handles land use questions related to permitted uses, meets with businesses looking to expand or build in town, facilitates applications for development for the Planning Board, facilitates applications for interpretations or waivers to the zoning code from the Zoning Board, and gathers comments on pending applications from advisory agencies including but not limited to the Conservation Board, Historic Advisory Committee, Parks and Recreation Department, Fire Districts, and Ontario County Planning to name a few. Planning assists property owners who want to subdivide their property as well as facilitates site plan reviews. Site plan applications could be as simple as a small shed in the Limited Development District in the northwest corner of town to a new 60,000 sq. ft. office flex space building for example. This division also supports the Town Board for rezoning applications, as well as other departments as needed. The Planning Division also facilitates special projects like the Route 96 Corridor Infrastructure Study currently underway and long term projects like implementing the Comprehensive Plan.

Planning Questions and Answers

I saw something about a development on Facebook and have concerns over it. What can I do as a concerned citizen?

Most importantly, not everything you hear or see is accurate. The best way to find out about a pending, or potential, project in the Town of Victor is to contact the Planning division to obtain facts. Please remember everything you see, read, or hear about may not be the entire story. We work very hard to respond very quickly to media outreach but sometimes they run stories over the weekend and Town leadership and/or staff may not be available for comment until business hours.

The Town offers a "Notify Me" feature on our website where you can sign up to receive e-mail notices when a new agenda is published. You can sign up for specific boards and committees or all of them. If you need help finding this feature, please contact us and we would be happy to assist you. We encourage people interested in a project to attend the meeting that the project is scheduled for. All Planning Board and Zoning Board meeting minutes are available on

the Town website in verbatim format so if you miss a meeting you can read about what happened. If you would like to comment on a pending application feel free to come to the scheduled meeting to voice your concerns in person or submit your comments in writing. Written comments are accepted via e-mail to planning@town-victor-ny.us, by dropping them off at the office, or by mailing them. All meetings are open to the public and comments received are provided to the Board entertaining the action, the applicant, and added to the file as part of public record. Written comments are accepted until a decision is made on the pending application.

Why did the Planning Board allow another bank to be built when there are several others in a few mile radius?

The various boards of the Town, including Zoning, Planning, and Town Boards, have to comply with adopted state laws. State statute, or laws, are what grants the local municipality, in this case the Town of Victor, authority. The Town Code, or local code, is what delegates state powers and jurisdiction to the Town Board, Planning Board, and Zoning Board. So every land use decision made must be compliant with local and state regulations. State regulations allow the Town to identify which uses are permitted in certain districts like residential, commercial, or light industrial for example. State law does not grant the authority to decide how many pizza shops, carwashes, banks, etc. are allowed in a certain zoning district. If it is a permitted use it needs to go through a review to ensure it is in compliance but the Board cannot deny it under the premise that we have too many spas in one area. The market demand drives how many office parks we have or which fast food restaurants are in Town as an example. It would be against the law to allow one franchise in a commercial district and not another. The codes are intended to protect health safety and welfare of our residents and business owners. The Town does have the authority to amend zoning district boundaries and what uses are permitted within the district. As an example, not too long ago the Town Board amended the Industrial district to allow places of worship which were previously not permitted in the Industrial district.

How can I contact the Planning division?

We provide several methods to reach us for whatever way is most convenient for you. Here are some options: Call: 585-742-5040; Email: Planning@town-victor-ny.us; Visit us on the first floor of the Victor Town Hall

Continued on Page 6...

Katie Evans,
Director of
Development

TOWN

Director of
Development**

Continued from Page 5...

located at 85 East Main Street, Victor, NY 14564. We typically have someone from the Planning division in the department during all business hours.

Building Division

The Building division in contrast handles everything from someone inquiring about the process to build a deck, shed, or install a pool or reviewing the building permit for that previously mentioned 60,000 sq. ft. office flex building. While not all construction activities or property improvements require site plan review through the Planning Division, the majority of projects require a permit through our Building division. Once applications for permits are received they are reviewed and issued once determined to be compliant with any prior Planning or Zoning Board approvals if applicable, the Town Code, and the New York State Fire and Building Codes. The Building division also handles code enforcement, complaints, fire inspections, periodic inspections throughout construction, and issue certificate of occupancy required to occupy a new or remodeled structure or a certificate of compliance for accessory structures like decks, sheds, fences or pools to name a few. The Building division conducts plan reviews for the Planning and Zoning Boards, researches conservation easements, and attends pre-application meetings and pre-construction meetings. We offer walk-in office hours for the Building Division on Wednesday and Friday afternoons 1:00-4:30 P.M. so we can ensure one of our knowledgeable inspectors will be in the office to provide assistance.

Building Questions and Answers

Do I really need a permit before I do a home improvement project?

The intent of building codes are to give reasonable assurance that a home or business is safe from structural failure, fire hazards from electrical and heating systems, electrical shock, and health risks. The permits provide a permanent record of the work performed and inspections conducted on the project so that if you ever want to sell or refinance your home or business prospective buyers and/or lending institutions have proof the work completed was done in compliance with local and state codes.

How do I know if I need a permit for the work I have planned?

Please call, email, or visit the Planning and Building Department before starting your work or entering into an agreement with a contractor! We are here to help. This cannot be underscored enough because the state building and fire codes were updated in 2016 and as a result regulations have changed. Even if you have a

contractor handling your job, please be sure they have applied for and received a permit prior to initiating construction. This includes roofs, decks, additions, barns, garages, and many others. We work very hard to respond to inquiries very quickly or three days at the most.

What if I started work and it didn't occur to me that I might need a permit?

If you find yourself in a situation where you made an alteration to your home or business without realizing you need a permit and want to correct the situation, please contact our department. It is our objective to help you conform to the code. If you realize you did work without a permit and the alteration meets the applicable codes, it would be approved. However, our inspectors are not going to approve something they can't see and may require small sections of wall or roof as applicable to be removed to verify that construction meets the code. Again we would rather work with you to correct a situation than penalize you with fines. When in doubt, please contact our department. We are here to assist and provide information.

What is the best way to contact the Building division?

We provide several methods to reach us for whatever way is most convenient for you. Here are some options: Call: 585-742-5035; Email: Codes@town-victor-ny.us; Visit us on the first floor of the Victor Town Hall located at 85 East Main Street, Victor, NY 14564. If you would like to speak to one of our inspectors directly please visit Wednesday or Friday afternoons between 1:00-4:30 P.M. or call to schedule an appointment for a time that accommodates your schedule. Please note our inspectors have their day scheduled out in advance so they are not likely to be available if you stop in outside of office hours or without an appointment.

The Planning and Building Department is always interested in positive feedback or suggested areas of improvement. If you have a recommended topic of interest to be covered in a future newsletter or would like to provide feedback on Planning and Building Department services, please feel free to contact me directly at kevens@town-victor-ny.us or (585) 742-5036. Our qualified staff strives to evolve as needs arise and appreciate you taking the time to provide feedback. On behalf of the department, we look forward to assisting you with your upcoming spring and summer projects!

Prepare for Spring & Summer Happenings!

There are many sure signs of spring and summer in our Finger Lakes community. There is the anticipated seasonal opening of Papa Jack's Ice Cream with its' patio a buzz in the afterschool hours with middle and high school students visiting with their friends or perhaps an evening ice cream cone with Mom and Dad after the Little League game. In the spring, many flower beds, hanging baskets and pots line our Town and Village streets, lampposts and local businesses with bright pinks and purples signifying to residents and visitors that we are a beautiful community. At home, maybe you are busy organizing items for a neighborhood garage sale or just simply happy to shed your winter boots for your summer flip-flops!

At the Department of Parks and Recreation, we are putting the finishing touches on the family concerts that will await you at the Victor Municipal Park bandshell. In the warmer months, we are stocking our park kiosks with maps and brochures to greet the thousands of hikers and bikers that visit our trail rich community! In May and June, our recreation staff are locating those last few seasonal camp and aquatics staff members that will lead activities and give swimming lessons to area youth.

Over the winter months, we prepared for improvements associated with the construction of a "new" box rink at Dryer Road Park. The new rink will have a slightly larger playing surface with artificial turf to increase the playability for our lacrosse and soccer teams. This project was funded through our Capital Parks Improvement Fund and at no-cost to our Town and Village taxpayers. Thanks to local resident stakeholders Jim Andre, Paul Moszak, Dave Tantillo and Mike Stockman who as a committee developed this project! In addition, this winter our parks crew courtesy of a One-Thousand, Two-Hundred Dollar (\$1,200) grant from the

Victor-Farmington Rotary constructed four (4) "new" soccer storage sheds to be used by Victor Youth Soccer for their leagues at Dryer Road Park, Village on the Park and a Town of Farmington Park. Department collaborations continue to be a creative way to achieve goals while developing relationships of like-minded groups!

One of our near-term goals in the update of our Parks and Recreation Master Plan is to construct additional athletic fields for youth and adults. Through a Fifty Thousand Dollar (\$50,000) New York State and Municipal Facilities Program grant with support from New York State Senator Rich Funke, the Town will develop a plan for future athletic field improvements to Paparone Park and Village on the Park. Our goal is to seek public input on the project this fall so that construction can begin in (2018). The Parks and Recreation Citizens' Advisory Committee also seeks to develop a comprehensive plan for bicyclists and pedestrians in our growing community. This "Active Transportation Plan" would assess the existing condition of our trails, sidewalks and streets, look for ways to fill the gaps in our system and make recommendations for future improvements to promote on road and off road recreation and transportation facilities in our already bike-hike friendly community!

In closing, I would encourage you to take a hard look at the many public recreation activities and park facilities highlighted in the spring / summer Department brochure as a way to look forward to the warm days that await you! If there is something that interests you that perhaps you don't see, please give us a call or drop us a note. We want to make sure that we continue to provide the high quality service that you have come to expect from your team at Victor Parks and Recreation!

Brian Emelson,
CPRE, Director
of Parks and
Recreation,
(585) 742-0140

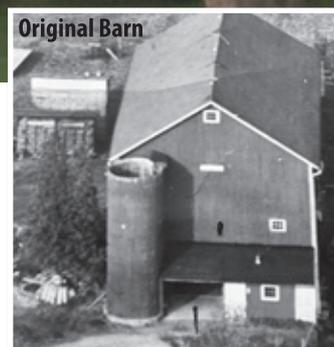

Department of Parks and Recreation staff members Tim Hadden and Keith Maynard work on the construction of "new" soccer equipment storage sheds for our parks courtesy of a grant from the Victor-Farmington Rotary

The Hunt Farmstead - House & Barn Restoration

By Babette Huber, Town and Village of Victor Historian

The Hunt Farmstead at 7782 Dryer Road has owners who LOVE their historic home and barn - "There is a history to this house and property, you can't put a price on that!" Mel and Ann Kost have lovingly restored this 1820s Greek Revival farmhouse and Jennings barn.

Elisha Camp originally bought the Hunt Farmstead's 81 acres for \$325.00. Elisha was a land agent for his brother-in-law, Augustus Sacket, (Sackett's Harbor) and he bought 2,941 acres in the Town of Victor, then sold off the parcels. Elston Hunt bought the land in 1820. Mr. Hunt was born in 1773 in Massachusetts, moved to Montgomery County, NY and finally to Victor. In 1841, Elston Hunt's wife, Margery, sold 55 rods of land (about 3.5 acres) to School District #11 for the building of the Dryer Road Cobblestone School. Mel and Ann Kost bought the farmstead from Edward and Lena Czadzeck in 1978.

In interviewing Mel about the renovations, I asked the following questions:

You have an historic home - is that important to you, why or why not?

"The house has characteristics which cannot be duplicated. The age and history add so much to the atmosphere of the home. The original house was a post and beam with a 14 inch cobblestone foundation. Also had a cistern to catch rainwater.

What were some challenges renovating your home and why did you do it?

"The house renovation was started in 1994 and done in 2000. There were many challenges during the renovation. Some of them were: time to completion, expenditures

beyond budget, septic replacement (original was a rusty fuel tank), redo electrical, heating and installing AC. We put Hardie Board on the exterior and put on a porch like the original house had. We lived in the home during the whole project. During the second renovation the existing attached garage was converted into a 1000 square foot apartment which I refer to as our 'Aging in Place' living area. Our daughter, Julie and her husband, Neil, and our two grandchildren now live in the original homestead. We then erected a three car pole barn with a totally enclosed and heated walk through. Our contactor, Paul Van Scott, was here every day checking on the project and making the process as comfortable as possible."

Why did you take on the renovation of your barn?

"Fix it or lose it. Again, character which cannot be replaced. It also gained much needed space and Ann needed space for her crafting and restoration of old and unwanted furniture. It is a Jennings barn (The inventor and patentee of the Jennings Barn claimed his design used less lumber, less work, less time, and less cost to build and were durable and provided more room for hay storage.)"

What were some challenges?

"The major challenge was financial. Secondly, completely emptying the 100 year plus of STUFF which had accumulated in the barn. The craftsmen were excellent and had a love of the entire project. The first thing that Jerry et al

Continued on Page 9...

Continued from Page 8...

Almost Complete

did was to cable the inside of the barn upstairs and downstairs to stabilize the barn, then they used recycled wood and windows to make the barn a workable, stable storage and work space. Windows were replaced, all the large barn doors were either replaced or stabilized. New drainage was laid to avoid roof run off and the entire lower level was totally rebuilt with many courses of cinder blocks fill with rebar and concrete. A new crushed stone floor was laid as well. All usable vertical slats were refurbished and put back in place. New Hardie Board was used along the front and side foundations and finally the entire barn was painted by T&J Custom Painting and new hardware used where needed.”

What makes you most proud?

“The finished product - totally a 16 year work in progress. It truly is a home befitting its rural area. Our Jennings barn was back to its original life and hopefully will live another century or more. A landmark for all to enjoy.”

What would you say to someone considering doing a barn or historic house renovation?

“Go for it, if it’s in your budget! You can’t build a house in a development with 100 year old trees. And as my contractor, Paul Van Scott, added ‘Yes, you paid more than you expected, but you live here and you love and enjoy it.’ ”

Where Milk House used to be

Continued from Front Cover...

If successful, funding would be obtained to create an Urban Forest Management Plan for the Village. This five year plan would function as a blueprint for direct action and long term care of Victor’s valuable tree inventory.

Other recent tree related activities within the village which were overseen by the Tree Board included selective tree removal, planting and pruning along the streets and parks within the village. We have an aging tree population which requires maintenance and attention in order to maintain the health of our beautiful trees.

All of this hard work has been recognized by the National Arbor Day Foundation. Our Tree City USA designation has been recertified. The Village of Victor was also awarded the Tree City Growth Award. This honor recognizes higher levels of tree care by participating Tree City USA communities. Eligible programs and projects considered must highlight education and public awareness, partnerships, planning and management and tree planting and maintenance.

Village resident, Ruth Nellis was welcomed as a new Tree Board member in February. Local students continue to be well represented by the addition of Skyler Williams (FLCC), Bree Cole-Allen (VHS), Mary Allen (VHS), Amanda Dake (VHS) and Lexie Rider (VHS) to the Board. They join current members Bob Hagggett, Regina Muscarella, Bill Bross, Rose Quinnan, Village Board Liaison Larry Rhodes and Chairperson, Gene Pratt. Anyone interested in joining the Victor Village Tree Board may contact the Village Clerk at 585-924-3311 for further information.

Local family pitching in at Arbor Day Event to help plant over 40 trees.

Town

Mark Years,
Town Highway
Superintendent,
(585) 742-5094

Hours:
6:00 A.M. -
4:30 P.M.,
Mon.-Thurs.
April-Nov.

Town of Victor Highway Department

The Town Highway Department spring/summer hours are 6:00 A.M. – 4:30 P.M., Monday through Thursday, April 3rd through November 3rd. Beginning November 6th, the hours will be 7:00 A.M. to 3:30 P.M., Monday through Friday.

There is no roadside brush pick up within the Town. Brush and yard debris can be dumped, Monday – Friday, 7:00 A.M. – 3:30 P.M. and Saturday 7:00 A.M. – 3:30 P.M. (7 A.M. – Noon during winter hours). In order to dump brush, you must have a Transfer Station permit.

• Road Construction

The following is the roadwork scheduled for this construction season:

• Milling and Paving

Golf View Rise, Song Hill Lane, Burlington Road, Silver Hill Path, Rabbit Ear Pass, Hillside Drive, Turk Hill Road

• Crack Filling

Heather Lane, Honeysuckle Pass, Kims Drive (Volkman to 6375), Robert's Drive (Volkman to 6387), Gypsum Mills (Kims to Roberts), Bradhurst Street, Turner Drive

• Chip sealing

Strong Road (County Road 41 to State Route 251), Modock Road, Willis Hill Road, Taylor Road, Harloff Road, Malone Road (County Road 41 to Dryer Road), Cork Road, Turner Drive, Pilgrim Pass, Oakwood Drive

• Reprofling

Blazey Road, Bortle Road, Brownsville Road, Cline Road, Gillis Road (County Road 9 to Cline Road), Lane Road (High Street to County Road 9), Richardson Road, Lynaugh Road

• Micropaving

Bel Arbor Drive, Canning Parkway, Rae Boulevard, Hidden Oaks, Oakbrook Circle, Royal View, Royal Woods, Barony Woods, Highview Trail

• Reconstruction

Whistlestop Road, Aldridge Road

Deer Removal

Undoubtedly, there will be some deer carcasses that are found in the public right-of-ways. Please report any deer found as follows:

- On County Roadways call 396-4000
- On State Roadways call 396-4955
- On Village Roadways call 924-3311
- On Town Roadways call 742-5094

Please contact the Highway Department at 742-5094 extension 2201 with any questions you have regarding the Town roadways.

Stormwater/Drainage

The Drainage Improvement Area mapping has been completed, including the plan and report process.

This document contains background, procedure, and the actual mapping of the Improvement Area. There are still some parts to the plan section that need to be implemented, such as the industrial/commercial aspect, but this has already proved to be very beneficial in addressing the drainage issues that come up throughout the Town.

Town forces have completed several drainage projects outside of the actual right-of-way area and have a couple still to finish. More are planned, as taken from the priority list, and will be completed as time and scheduling allows. Roadside ditching continues all year as conditions permit. Municipal Separate Storm Sewer System (MS4) construction site inspections are continuing throughout the season and will increase as the weather becomes warmer and construction season begins.

Transfer Station

The Town of Victor established the Transfer Station for residents to dispose of garbage and recyclable materials many years ago. This is not intended to be used as a place for residents who own contracting businesses and reside in the Town to dispose of large quantities of construction materials, tree/yard debris, recyclables (we will take commercial businesses recyclables, but only in manageable quantities) or refuse. We do not have the space to accommodate these quantities of materials and it is an added burden to all tax payers, when it is used in that capacity. Please respect the rules set into place, so that we can retain this great asset for our community and manage the costs to run the facility.

Refuse/Recycle Department Transfer Station Hours of Operation

Summer Hours (April to October):

Monday 7:00 A.M. – 11:00 A.M.

Wednesday 7:00 A.M. – 8:00 P.M.

Friday 7:00 A.M. – 3:30 P.M.

Saturday 7:00 A.M. – 3:30 P.M.

Winter Hours (November to March):

Monday 7:00 A.M. – 3:30 P.M.

Wednesday 7:00 A.M. – 8:00 P.M.

Friday 7:00 A.M. – 3:30 P.M.

Saturday 7:00 A.M. – Noon

Mulch / Yard Debris

Mulch is available and yard debris can be dropped off, with a permit, behind the highway barns Monday – Saturday 7:00 A.M. – 3:30 P.M. (7-Noon during winter hours)

Continued on Page 11...

Continued from Page 10...

Office Hours for Permits

Building "B" office hours are Monday – Thursday, 6:00 A.M. – 4:30 P.M. through November 3rd. Beginning November 6th, the hours will be 7:00 A.M. – 3:30 P.M., Monday - Friday.

Transfer Station Holiday Closings

May 29th (Open Saturday, May 27th)
July 3rd and 4th (Open Saturday, July 1st)
September 4th (Open Saturday, September 2nd)
October 9th (Open Saturday, October 7th)
November 10th (Open Saturday, November 11th)
November 23rd and 24th (Open Saturday, November 25th)
December 25th (Open Saturday, December 23rd)

Transfer Station Permits:

Transfer Station/Recycle permits can be purchased at the Highway Department, 60 Rawson Road, Building "B" during normal business hours. Debit/credit cards are accepted and are subject to a \$3.18 processing fee.

Residential transfer station/recycle permits are \$120 (2 per residence). Proof of residency and the registration of the vehicle (s) that will be used in the facility will be required.

Senior transfer station/recycle permits (must be 65 or older as of January 1, 2016 – proof is required at time of purchase) are \$108 (2 per residence). Must have proof of residency and the registration of the vehicle (s) that will be used in the facility will be required.

Commercial recycle permits are \$120 (2 per business). Commercial permits are for recyclable materials only. Proof that your business is a Village or Town business will be required, along with the registration of the vehicle(s) that will be used in the facility.

Permit Renewals:

Permit holders will receive a renewal letter 2-3 weeks prior to expiration of the Transfer Station/Recycle permit. At that time permits can be renewed by mailing a check for \$120 (made payable to the Town of Victor) along with any vehicle changes to the Transfer Station Office at 60 Rawson Road, Building B, Victor, NY 14564. Permits can also be renewed in person at the Transfer Station Office or placed in the drop box when the office is closed.

Day Permits:

As of January 1, 2016 day permits will be available for residents for a cost of \$25/day. Valid proof of residency and registration of the vehicle that will be used in the facility will be required.

PLEASE NOTE: We are no longer accepting electronics at the Transfer Station. Electronics can

be recycled through Regional Computer Recycling and Recovery (EWaste), 7318 Victor-Mendon Road (Rte. 251), Victor, New York 14564. Drop off hours are Monday – Friday, 8:00 A.M. – 4:00 P.M. For more details or for additional drop-off locations go to www.ewaste.com.

Tires

There is a 4 tire limit for recycling tires. Coupons are issued at time of permit purchase or renewal. The tire bin has been relocated to inside the Transfer Station and tires will not be accepted without the coupons.

Reminders

Sorting of Materials - Please sort recyclables as follows:

- Plastic, tin and glass
- Cardboard – all types
- Newspapers, junk mail and magazines
- Alkaline Batteries
(NO car/vehicle/equipment batteries)

VALID PERMITS MUST BE DISPLAYED OR HANDED TO THE ATTENDANTS IN ORDER TO DUMP AT THE TRANSFER STATION. NO PERMIT. NO DUMPING WILL BE ALLOWED.

NO LOADING OF MULCH BY RECYCLE CENTER EMPLOYEES. ALL MULCH MUST BE LOADED BY THE RESIDENTS.

WHEN ENTERING THE TRANSFER STATION, PLEASE MAKE SURE THE ONLY ITEMS IN YOUR TRUNK OR BACK OF VEHICLE ARE YOUR REFUSE/RECYCLING. MISSING ITEMS WILL NOT BE COMPENSATED FOR OR REPLACED!

CONTRACTORS ARE NOT ALLOWED TO DUMP CONSTRUCTION DEBRIS IN THE TRANSFER STATION/RECYCLE CENTER. ALL CONSTRUCTION DEBRIS MUST BE BROUGHT IN BY RESIDENTS WITH PERMITS ONLY.

NO GARBAGE CANS OVER 75 POUNDS

ABSOLUTELY NO DUMP TRUCKS/TRAILERS ALLOWED IN THE RECYCLE FACILITY

Safety

Please be aware of attendants while unloading and moving through the building. Again, thank you for "thinking safety" while using this facility.

Due to liability and safety concerns, NO LOITERING or going through containers will be

allowed at the Transfer Station. Anyone caught doing so, will be asked to leave the facility.

When dumping brush or related items, such as grass clippings, please remember – NO plastic bags. Much of this material is turned into mulch and made available to residents. This mulch pile is located at the Rawson Road complex, behind the Highway barns and is accessible Monday – Friday, 7:00 A.M. – 3:30 P.M. and Saturday, 7:00 A.M. – 3:30 P.M. (7 A.M. – Noon during winter hours) with a Transfer Station permit.

Should you have any questions on where an item should go, please see an attendant. Thank you again for your continued safe use of this facility.

Swap Shop

Hours of operation:

Monday 8:30 – 10:30 A.M.	Friday 10:00 A.M. – 12:00 P.M.
Wednesday 4:00 – 7:00 P.M.	Saturday 9:30 A.M. – 1:00 P.M.

Swap shop stickers are available at the Swap Shop during Swap Shop hours or at the Highway/Recycle Office, 60 Rawson Road, Building “B”. These stickers are available to Town and Village residents at no charge with proof of residency.

The Swap Shop will open early April (weather permitting) and close late October.

Swap Shop Volunteers Needed!

Please contact: Pat Bartholomew by email at pattyj7586@aol.com

RECYCLING OPTIONS THROUGH ONTARIO COUNTY

Ontario County offers quite a number of special collection events throughout the year for shredding, electronic waste, hazardous materials and pharmaceutical recycling. For more information on upcoming events please go to the Ontario County website at www.co.ontario.ny.us/1329/RecyclingWaste-Diversion

By Scott Hopkins, CERT Coordinator

The Town and Village of Victor in conjunction with the Ontario County Community Emergency Response Team are seeking volunteers to become members of our Citizen Emergency Response Team. What is the Citizen Emergency Response Team? It is a ready group of trained volunteer disaster workers that assists the County, Town or Village upon request during a disaster or if needed. CERT volunteers ensure that their families are safe, check on neighbors, and then assist their community after a disaster or can assist emergency services during an incident.

CERT volunteers are provided with basic training in disaster preparedness, fire safety, first aid, terrorism awareness, and light search and rescue. They are also supplied with their own Protective equipment and tools.

The course is free to those 18 years of age or older. No experience necessary.

You can sign up for CERT training with the County at (585) 396-4310 or in Victor you can contact Scott Hopkins at 14564cert@gmail.com (Victor training dates to be determined).

Victor Farmington Library

By Lynne Madden, Youth Services Specialist, 585-924-2637, lmadden@pls-net.org

Friends of the

Spring Used Book Sale

The Friends of the Library will be holding their annual Spring Used Book Sale April 28th through May 1st in the Library's Malone Meeting Room during regular library hours. A "Friends Only" Preview Sale will be held on Thursday, April 27th. Friends' memberships can be purchased in advance of the sale or at the door at the time of the sale. The \$3.00 Bag Sale will be held on Monday, May 1st.

Home Alone Safety and Babysitter's Training Classes It's not too soon to be thinking about the upcoming summer vacation. You may find times when your children may need to be home alone. How confident are you and your child if this should happen? We will be holding a class that will prepare your children for such occasions.

Home Alone Safety, is for kids ages 7-14, and will be held on Thursday, April 20th, from 10:30 A.M.-12:30 P.M. Children will learn the importance of responsible behavior when home alone; what to do when a stranger comes to the door, telephone tips, how to react in a variety of accidents, etc. The cost of this class is \$25.00, payable in cash only prior to the class, which includes a Student Workbook, Safety Information Contact Sheet, House Rules Form and a How to Call 911/Poison Control Card.

We will be holding a Babysitter's Training Class, for kids ages 11-16, on Tuesday, April 18th from 10:30 A.M. to 3:30 P.M. This course teaches the roles and responsibilities of a babysitter, including care for infants, diapering, feeding, safe play and activities. Participants will learn how to handle first aid emergencies, injuries, illnesses and household accidents. The cost of this class is \$48.00, payable in cash only prior to the class and includes a workbook and a certificate of completion. A pizza and soda lunch will be provided thanks to Mark's Pizzeria. Participants should bring a self-addressed, stamped envelope to receive their certificate of completion.

Both of these classes are offered by EPIC Trainings. Register on the Library's webpage or call 585-926-2637.

Summer Reading Program

Readers of all ages are encouraged to come to the Library this summer as we join together with other libraries throughout our area, our state and even the country to "Build a Better World". In addition to having programs that help prevent summer reading loss in school-agers, we have programs designed to start our littlest patrons on the road to lifelong reading as well as programs for adults to encourage continued learning.

The 2017 Summer Reading Program is open to all

ages, kids, preschool through teens, as well as adults and includes activity days, story hours, prize drawings and lots more fun for everyone. Details on all of the activities planned will be available at the Library and on the Library's website, victorfarmingtonlibrary.org, on May 30th.

Holiday Closings

The library will be closed Monday May 29th, Tuesday July 4th and Monday September 4th.

Be sure to check out the Library's website: victorfarmingtonlibrary.org and our Facebook page to keep informed on all the activities happening at the Library!

Victor Farmington Library Adult Events April 2017

By *Tim Niver, Community Services Librarian*

The library continues to be a busy place for adults, from craft classes, to travelogues, to tech classes. Our Cookbook Club is one of our newer events and meets once a month. This group picks a recipe out from one of our cookbooks, makes the dish, and then brings it and the recipe to share with others during the lunch hour. It has been growing steadily over the last three or four months and has become quite popular. All are welcome, and everyone in attendance has a great time. Our ever-popular genealogy classes have returned, after a brief hiatus. Check the calendar for the next class. Victor Town Historian Babette Huber gave a wonderful talk at the end of March on the different individuals that have put Victor on the map. Mah Jongg and Euchre continue to be popular attractions, and the Euchre people really have a fun time. The games, as always, are free and open to everyone.

On May 3rd, we have a drone demo, presented by local company, SkyOp from Canandaigua. Drones have become increasingly popular, and this is a great opportunity to see how they work up close. Since the event is outside, we have a rain date of May 4th. This is an all-age event, so bring the kids and watch the drones fly.

Don't forget we offer group tech classes and one-on-one tech appointments as well. Group tech classes occur on the first Tuesday of every month and offer a wide selection of topics. There's something for everyone. Stop in to schedule a one-on-one or check our calendar for upcoming classes.

Lastly, our bi-annual Friends of the Library book sale takes place from April 28th to May 1st. We've been accepting donations year round, so we will have an excellent assortment of books to choose from. You can't beat the prices, either. Come early and often to find that book you've been looking for!

TOWN

Hank Holden
Fishers FD

Don't Let the Pros Have All the Fun— Volunteer for your Share

*By Hank Holden, Board of Fire Commissioners
Member, Fishers Fire District*

It's a fact that firefighters use a lot of equipment. It's needed for firefighting and for the rescue work we do. Most of our equipment is carried behind all those doors you see on our fire trucks. Some of it, however, never leaves the firehouse.

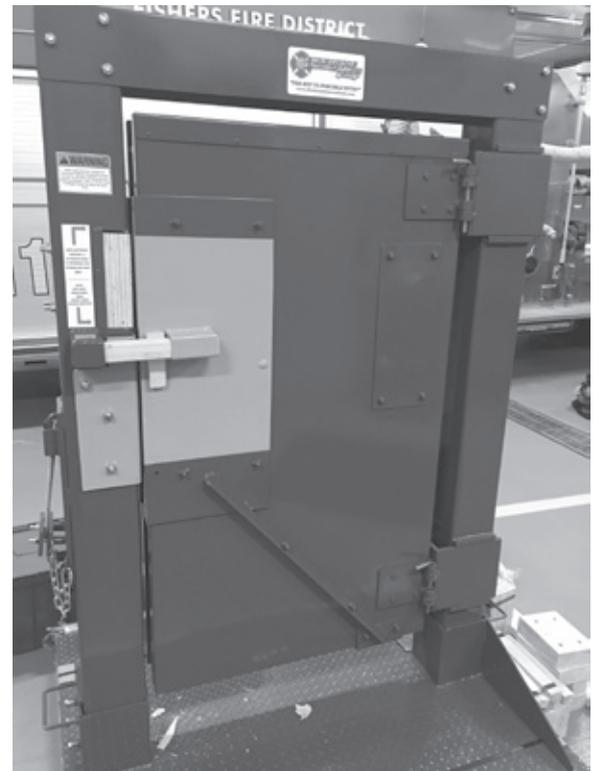

One new piece of equipment that stays put is our Multi-Force Forcible Entry Training Door from Firehouse Innovations. It doesn't roll to a scene because its sole purpose is training, which we conduct during our Monday night drills.

The Fishers and Victor fire departments need this training to gain access to fires in very tightly secured buildings. This includes commercial, industrial and residential buildings. With an increase in breaking and entering crimes, more and more residents are investing in stronger locks. This presents a challenge when we arrive on scene and are delayed entering the structure. To reduce the time it takes to enter a building, firefighters train in specialized techniques to open locked doors quickly. In order to minimize the burden of purchasing this device, both the Fishers and Victor fire departments combined their resources and purchased this important training device.

As a firefighter, you'll use the Forcible Entry Training Door to learn how to gain entry. Who knows, this training could allow you to save sleeping neighbors in the event of a fire at their homes. You'll also learn how to use tools like the Jaws of Life to rescue people trapped in vehicles. The many new skills you'll learn as a firefighter are limitless.

Our members are trained in life saving skills and fire prevention tactics that you can apply at home and at work. Best of all, you'll sleep much better knowing that you have the skills to save your family, neighbors, or others in the community, if the need ever arises.

If you think that "neighbors helping neighbors" is important to you, stop at Station 2 on High Street any time. We have someone on duty there around the clock. You can also get more information at our website, fishersfd.org – or by calling 585.924.5955.

Town of Victor Marriage Officer

Contact the Town Marriage Officer Roxann Ammerman at 585-967-6399 or by email at pebbs2258@yahoo.com for more information on services provided.

TOWN

Good Growth Takes Good Planning and YOU Can Help!

By *Kate Crowley, Conservation Board Vice-Chair*

Victor's 2015 Comprehensive Plan describes a community "... rich in agricultural heritage, with a small town atmosphere, friendly neighbors, community parks and trails and a high quality school system." The Plan describes the variety of natural resources that create the pastoral beauty of Victor – streams and open water, wetlands, flood plains, steep slopes, large forested areas, parks and trails - and the fact that they are pervasive throughout the Town.

Guided by the Comprehensive Plan and town code, the Town's planning process includes thorough review of a parcel when a landowner applies for permission to develop. The Conservation Board ensures that identification and protection of environmentally sensitive areas in the Town is part of the planning process. Conservation Board members document natural resources that exist on the parcel or nearby, they develop rationale for sound environmental practices and work with the Planning & Building Department to respond to residents' concerns about protecting natural resources in the Town.

The Conservation Board uses the Town's Natural Resource Inventory (NRI) to research and document unique glacial formations such as moraines, drumlins, and kames that exist in Victor and are under pressure from development. The NRI also includes details on the two watersheds that exist in the Town - Irondequoit Creek watershed and Ganargua Creek watershed. These watersheds provide fresh water and recreation opportunities to residents as well as supporting the needs of wildlife and aquatic life. Development that may impact these valuable resources is carefully evaluated and planned.

Would you like to be part of the planning and advising process? Are you interested in contributing to your community and believe that it is possible to preserve environmentally sensitive areas and allow environmentally friendly development in Victor? If so, the Town Conservation Board invites you to consider applying for a position on the Board.

The Town of Victor Conservation Board is

a State-chartered advisory board of five dedicated professionals from all walks of life that provide input into the Town's development process. Using the NRI and other authoritative databases, the board advises on best practices in preserving and protecting natural resources as development is planned. Board members meet twice per month on Tuesday nights to review projects and prepare recommendations to other Town Boards regarding environmental features present on the parcels; they also evaluate progress of ongoing technical (environmental) studies. Site walks of proposed projects are done on an as needed basis by board members to provide first-hand evaluation of the parcel's environmental features.

The Conservation Board has an upcoming vacancy in 2017 as Jacob Post pursues a career opportunity outside of Victor. Jake has been invaluable to the Board as our primary technology/ArcGis expert. We wish him the very best in his engineering career. Board members receive an annual stipend of \$2,300 per year. Members must attend a minimum of 75% of the meetings and complete 4 hours of annual training to remain in good standing. If you are interested in environmental conservation, work well with others, and can make informed decisions based on Town Code and science-based studies the Conservation Board could use your help. Please send a letter of interest to Tina Kolaczyk, Town of Victor, Human Resources/Finance, 85 East Main Street, Victor, New York, 14564. Additional information regarding the board is available on the Town of Victor website at www.victorny.org.

Victor Economic Development/ VLDC News

By Kathy Rayburn, Director of Economic Development; Executive Director, Victor LDC

“EVERYTHING VICTOR” – Introducing the new mobile app featuring Victor businesses, events, attractions and more! The “Everything Victor” App will soon be available for download providing both residents and visitors access to information on local businesses, attractions, events, recreation, shopping & dining. The user will be able to search and once located get turn by turn directions, distance from their location, link to the business website, phone, Facebook and email. Local Victor events will be a feature of the App – Town & Village sponsored events, Parks & Recreation events, community organization fundraisers as well as local government boards and committee meetings. This is all available through the first development phase of the App and has both android and IOS versions.

Businesses will be featured on the mobile app for a nominal yearly fee and have the ability to customize their listing by providing our administrator with appropriate information. We will be able to change/update information any time through direct communication between the business and our administrator.

PHASE II Development, “Everything Victor” – this phase will build on the foundation development of the App and focus on push notifications and providing a platform for the business to manage their content by setting up an account. Push notifications are productive for the business to promote a special offer to customers – users will have the option of turning on or off this feature.

We are very excited to introduce the new “Everything Victor” mobile app to businesses, residents and visitors. By engaging this technology we will now be able to deliver timely content and services at the push of a button and move away from the printed version that quickly becomes outdated.

2017 Victor Business Awards

We are thrilled to announce the winners for the 13th Annual Victor Business Awards that will be held on May 4th at Cobblestone Creek Country Club.

2017 Winners:

- **Business of the Year** – O’Connell Electric
- **Family Owned Business of the Year** – Sweet Times Bakery
- **Health Service Provider of the Year** - UMAC
- **Developer of the Year** – Woodstone Custom Homes

- **Financial Services Champion of the Year** – John Ryan, JTR & Associates of the Finger Lakes
- **Woman Business Owner of the Year** – Rebecca Melton, Indoor Air Technologies
- **Technology Business of the Year** - Teknic
- **Emerging Retailer of the Year** – Motovate Performance
- **Business Exporter of the Year** – LSI Solutions
- **Home-Based Business of the Year** - David Aultman & David Jones, American Sports Media
- **Business Journalist of the Year** – Missy Rosenberry, Democrat & Chronicle
- **Retail Marketing Champion of the Year** – Kettle Ridge Farms
- **Youth Entrepreneur of the Year** – Brandon Bodine, Bodine Enterprise
- **Shining Star Award** – Blue Toad Cidery
- **Retailer of the Year- Retail Merchant** – Rite of Passage Tattoo
- **Retailer of the Year- Restaurant** – Six50
- **Retailer of the Year- Service Provider** – Mike Moreland Lawn & Landscape
- **Retailer of the Year- Eastview Mall** – American Eagle

This year we are honored to have Victor resident and President of the Greater Rochester Chamber, Robert Duffy, deliver the keynote address at the luncheon. Our very own David Mammano, resident and owner of Next Step U, will once again grace us with his time as the emcee for the program. Numerous loyal sponsors and supporters continue to make this a great event that keeps getting better!

Eastview Mall Update!

Eastview is poised to make several store announcements in the next couple of months, most of which will be stores that are new to our area. The mall expects to welcome at least a half-dozen new retailers in the next year. Eastview is continuing to host several events each month including Super Saturdays - fun, free, family events on the last Saturday of each month. This summer Tuesday KIDSdays will return as well. An event that includes free carousel rides, bounce houses and other fun activities for kids. Visit eastviewmall.com for details, and be sure to download their all new mobile app for the latest sale and event information. Search Rochester Malls in your app store.

Victor Sewer District - Sewer Rate Increase and Sewer Plant Update

By David A. Degear, Water & Sewer Superintendent, Town of Farmington

A few years ago I stated that we had noticed an increase in the amount of items being flushed down the toilet and is being collected by the bar screen located at the head of our sewer treatment plant. To address this issue, in 2014, at a cost of over \$275,000.00, we installed a new hydro-bar screen in our Influent Building #10.

This build-up continues to cause a thick blanket inside of the plant digesters that is costly to remove and to dispose of at the Ontario County landfill. For the year 2017, we are purchasing and installing a second hydro-bar screen to remove the non-disposable items. The current cost for this project is now over \$330,000.00.

Also in 2017, we are being forced to install a second grit removal system at the Waste Water Treatment Plant that will cost just over \$200,000.00.

In addition, we must also continue to maintain the buildings at the Waste Water Treatment Plant and public bids were recently opened to install new roofs over our Electric Building #4 and our Sand Filter Building #8 at a cost of just under \$60,000.00.

We have been working very hard to hold our current sewer rate of \$85.00 per sewer unit per each billing quarter however due to the upcoming NYS DEC UV disinfection requirement which is being mandated for the renewal of our NYS DEC permit, we must raise the sewer rate by \$2.50 or \$87.50 per quarter.

Your sewer bills are sent out quarterly and are payable at the end of the months of January, April, July and October. To avoid our late fee for unpaid sewer bills, please allow enough time for both the banks and the US Mail to get your payment to us before the January 31st, April 30th; July 31st and October 31st due dates. If these dates fall on a Sunday, we will accept payment on the following Monday morning at the Town Hall drop box. However, payments that are mailed to us must be postmarked by the actual due date shown on your quarterly sewer bill.

Our billing cycle may seem a bit complicated, the 1st Quarter bill is for your sewer usage for the months of December, January and February with the bill being due no later than April 29th. The 2nd Quarter is for the months of March, April and May with the bill being due no later than July 31st. The 3rd Quarter bill is for the months of June, July and August with the bill being due no later than October 31st and if not paid on time, it is passed to tax and will appear on your County & Town Tax Bill. The 4th Quarter bill is for

the months of September, October and November and is due on January 31st.

We are often asked the question as to why you have to send the sewer bills to the Town of Farmington. The answer is that under an Inter Municipal Agreement, called an "IMA", the Town of Farmington Water and Sewer Department operates and maintains the Victor Sewer District, as well as providing the billing services. That means that Farmington generates and collects the quarterly sewer payments which you send to the Victor Sewer District, Town of Farmington, #1000 County Road 8, Farmington, New York 14425. Your Victor Sewer District payment then is processed by the Town of Farmington.

In 2013, both the Town of Victor and Town of Farmington adopted a local law requiring that no partial payments would be accepted and a 20% penalty would be added if payments were not made on the quarterly due dates and received at the Town Clerk's office at the Town Hall during normal business hours of January 31st; April 30th, July 31st or October 31st.

So please don't wait until the last day to mail us your payment and expect that we will instantly receive your payment in time. This also applies to bank payments as we have found that your bank payment to us may take up to two or three days which will make your payment late and subject to the 20% late fee.

Lastly, we do offer a Direct Payment Plan that will help you in several ways:

- It is a dependable, flexible, convenient and easy way to pay your sewer bill
- It saves time with fewer checks to write
- It helps to meet your commitment in a convenient and timely matter, even if you are on vacation or out of time
- No loss of misplaced statements, your payment is always on time
- It saves postage and eliminates the handling by the Post Office
- Your payment is made automatically and on the specified day before the due date
- No late charges
- It is easy to sign up for as it is automatically paid from your checking or saving account. For details call our office and the staff will explain how to get you started with authorization for direct payments

Thank you and if you have any questions, please call us at (585) 924-3158.

Boughton Park

Permit, Event and Boat Rack Regulations

Boughton Park Hang Tag Renewal Process:

To renew your expired hang tag permit:

1. You must bring in your expired hang tag to the Town Clerk's Office.
2. You must bring your driver's license, car registration and proof of residency.
3. A new tag will be issued.

East Bloomfield Dog Control Law

As of November 2014, the Town of East Bloomfield has adopted a Dog Control Law that pertains to all dog owners within the town limits. This includes Boughton Park. All owners must be in complete control of their dog at all times while in Boughton Park, as well as anywhere within the Town of East Bloomfield. Contact the East Bloomfield Town Clerk for a copy of the Dog Control Law, Local Law #2 of 2014.

Event Policy

The Boughton Park Board of Directors periodically receives requests for organized group events within the Park. It is difficult to predict the impact of these events, i.e., size of the group, needed parking, the number of other visitors in the park, etc. As a result, the following policy applies to all group events in the Park:

Organized town groups (churches, scouts, Bloomfield or Victor School classes, etc.) should contact the Boughton Park Secretary at Victor Town Hall directly, (585) 742-5026, at least two months in advance, to discuss specific details for any desired Park event.

For other private groups & organizations, the following rules apply:

- The maximum size of the group is 25 people.
- The maximum number of cars for the group is limited to 10.
- Either or both parking lots may be used, however the maximum still applies.
- The Stirnie Road picnic pavilion may be used. The reservation system should be used by calling the Boughton Park Secretary at Victor Town Hall, (585) 742-5026, as early as possible, as this is a limited resource available to all residents.
- No permanent or temporary structures can be brought in or constructed in the Park for any event.
- A representative of the event must make a request & provide documented details to the Boughton Park Board of Directors at least 2 months in advance of the planned event date.
- Depending on the size, the group must pay in

advance, the rental fee for any additional porta-johns on site during the event. The Boughton Park Board of Directors will schedule the drop off & pickup of the unit.

- Only 1 event can be scheduled on any one day in the Park. First requested is first granted.
- The group must identify one responsible individual to act as contact for the Town & Park. This representative will attend the event & be responsible for the event and its use of the Park before, during, and immediately after the event (i.e., including cleanup).

Donations to the Park are always welcome.

All other Park rules and regulations apply, including:

- All parked cars must have a tag and be within the two designated parking areas.
- No alcohol in the Park.
- Swimming is prohibited anywhere in the Park.
- This is a carry-in carry-out Park. Nothing is to be left in the Park after the event.

Special Use Permits

Groups of 25 or more require Special Use Permits. These permits are issued by the Boughton Park Board of Directors. Applications shall be in writing including dates, specific use, and insurance coverage where applicable. Call the Boughton Park Secretary at Victor Town Hall, (585) 742-5026, for more information.

Boat Rack Policy

Applications will be accepted at the East Bloomfield Town Hall, beginning the 2nd Monday in March of each year.

Applications will be accepted on a first come first served basis, with preference going to:

- Handicapped first
- Seniors Citizens second
- Opened to all if spaces are left
- Permits may be picked up by April 15th
- Permits that are not picked up by April 30 will be given to the next person on the list.
- All boats must be removed by November 15th or they will be moved to the barn at a cost of \$15.00 and charged a daily rent in the amount of \$5.00 per day with a maximum of \$100.00.
- The canoes will be considered abandoned by January 1 and will be sold at auction on April 15 of the following year.

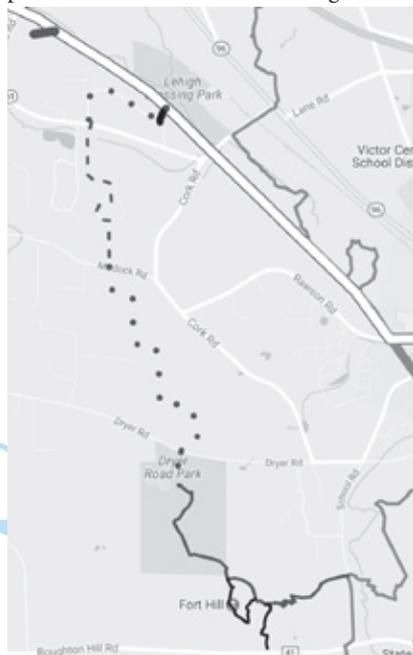

Victor Hiking Trails New Trail Projects

By Lisa Roberts, VHT Secretary

Hiking opportunities continue to grow thanks to partnerships.

American Hiking Society's National Trails Day is Saturday June 3, 2017. This year we are partnering with Ganondagan and the Seneca Art & Culture Center. There is a full day of activities to choose from this year. We will begin our day at 8:30 A.M. with a continental breakfast, followed by a choice of hikes on the Ganondagan grounds. A second hike will begin at 10:30 A.M., followed by a pizza lunch and prize drawings for all attendees. After lunch there will be a longer hike of 5 to 8 miles heading over to Fort Hill and the new extension of the Dryer trail between Dryer Road Park and the Auburn Trail. Participants may also choose to partake in a guided tour of the new Seneca Art & Culture Center, which opened in October, 2015. It contains an interactive, multi-media exhibit gallery with artifacts of the Seneca and Haudenosaunee people from over 5 centuries, as well as a theatre.

Victor Hiking Trails has multiple new trail projects planned for 2017. Thanks to the generosity of the Kingsley

family, the landowners giving permission for trail access, it will be possible to hike, or bike, from Dryer Road Park to the Seneca and Auburn Trails this summer. The new extension trail begins on the south side of Dryer Road, across from the park entrance, and winds through

woods, fields, and along roads built for new housing off of Modock Road, eventually accessing the Auburn Trail near the FLCC Campus on Victor Heights Parkway. You'll find it blazed and with signs along the way to direct you at road crossings. Parking is available in Dryer Road Park and FLCC.

We have also been working on an access road from the new housing development off of East Victor Road. This will allow people to access the Auburn trail and new bridge over Fish Creek built by Boy Scout George Heltz and Troop 61 in 2016.

On the Domine trail we are going to include a third trail along the northeast side of the property. This trail runs along the creek bordering the property and provides views of the creek. Did you know that the Domine trails are some of our best trails for viewing spring flowers?

Our hiking opportunities continue to expand. With the addition of these new trails, the Town of Victor now has over 60 miles of trails to explore and enjoy. To find trail maps of all trails in the Town of Victor, check out our web page: www.VictorHikingTrails.org. If you are a landowner in the Town of Victor and would like to learn how you can help increase our system of trails please contact Victor Hiking Trails through our website, phone (585-234-8226)

or email: chair@VictorHikingTrails.org.

Victor Hiking Trails holds monthly hikes the second Saturday of each month. Come join us!

Victor Hiking Trails Inc. is an all-volunteer non-profit organization working with the Town of Victor and individual land owners to create and maintain hiking and biking trails for the use of all.

Hiking

Cemetery Preservation & Restoration Committee

By Bonnie Waters, Chair, Cemetery Committee

The Cemetery Preservation and Restoration Committee continues its ongoing commitment of preservation and restoration of Victor's burial sites. Established in 2007, we have overseen the restoration of the Parks Family Cemetery, as well as the Victor Village Cemetery.

Our cemeteries are the doorway to our history, those interred in our burial grounds had a special place in the lives of their families and their township. The Victor Village Cemetery is our history book, interred are the remains of veterans of the Revolutionary War, War of 1812, Mexican War, Civil War, town supervisors, physicians, large landowners and the farmers who cleared and tilled the land. Early written records are lost, however, valuable information remains, recorded on headstones by family and acquaintances as a record to lives lived. From these headstones, stories of lives are created, research uncovers family members, accomplishments, migration, occupations, tragedy and mystery.

Located in the Southwest quadrant of the Village

Cemetery is the base of a large, obelisk monument. Inscribed is the following: Abby, wife of Eli Blair, born April 28, 1795, Eli Blair, born Sept 7, 1791. He was the son of Joel and Mary Lawson Blair, born Bridgewater, NY. He served in the War of 1812, removed to Lyons, NY, was a successful business man. Blair made frequent buying trips to NY City, returned from such a trip a sick man and his wife contracted his illness. They died within seven hours of each other. Eli Blair and his wife were both buried in the Presbyterian Church Yard, their monument was considered the most elaborate and expensive piece of tombstone architecture in Lyons. Eli's sister, Fanny Jones had the monument moved to Victor and had it placed in her family plot. We do not know where Eli Blair and his wife are interred.

The Cemetery Preservation and Restoration Committee meet the last Tuesday of the month, March through October. For info, contact Babette Huber, Town and Village Historian, 585-742-5065, bmhuber@town-victor-ny.org.

Historic Advisory Committee

On January 25, 2010, the Victor Town Board passed a resolution creating a new committee entitled the Historic Advisory Committee. The Committee has seven members providing a balanced community representation, one member is the chair of the Cemetery Preservation Restoration Committee. In addition the Town Historian serves as ex-officio non-voting member, as well as a member of the Town Board who serves as a Liaison between the Committee and the Town Board. Members of the Committee are required to have an interest and some knowledge of the local history, historic preservation and architectural development.

Committee Powers and Duties:

- To advise, assist, and support the Historian, Town Board, Planning Board and Zoning Board in matters pertaining to Victor's historic and archaeological resources.
- To help identify and research the annual Historic Victor Plaque Program nominees.
- To assist individuals in making nominations to the State and National Registers of Historic Places.
- To provide assistance in securing grants that might contribute to the reuse and preservation of historic structures in the community.
- To contribute knowledge for educational materials that promote an understanding and appreciation of preserving the character of Victor, including, but not limited to walking tours, brochures, a marker program for historic properties, lectures, exhibits, and conferences.

The Committee has worked on such varied issues as the Bicentennial celebration, the annual Historic Victor Plaque Program, and new building projects. Different members of the Committee will soon act as Liaisons between the Committee and the Planning Board and the Zoning Board. We continue to meet monthly on the first Wednesday of the month.

Town

Jason Ashton
Village of
Victor Mayor,
(585) 924-3311

Letter from Mayor Jason Ashton

Spring is one of my favorite times of the year. Spring clears away the old to make way for the new. There is no better time for change within the Village Board than now. My time as Village Mayor is up. I have accepted a new position that will not allow me to continue as Mayor.

I was elected into this position two years ago. I was completely taken by surprise to find out how much I didn't know about local government. I got a first class education about local government. I also got a first class education and how local government impacts our citizen's lives. We are the closest Government to the people.

With my Administration I wanted to bring in an openness to Village government. So day one I rearranged the Village Hall to make it more open. I brought in a crescent shaped board table. This was to allow for a feeling of openness during village board meetings. I brought in social media so that we could have another avenue in the communication. I wanted to show what we did and how we impact our village residents lives.

The next thing I did was to sit down with our Village employees. I believe that our Village employees are our greatest asset. They are an extension of the Village Government and needed to be respected and treated as such. During our meetings it became clear that that they would like a longevity program. The longevity program was to better take care of themselves and their families. So the first budget that I was a part of, a longevity program was approved and put in place by the Village Board. I would really like to truly thank my previous Deputy Mayor Brad Pearson, with helping me with this.

I also enforced training and safety standards for our employees. I wanted to make sure that every one of our employees had a safe working environment when they came to work.

One of the biggest elephants I faced in the room was Economic Development. I had absolutely no understanding of this animal. I understood that there was a problem but did not understand the scope and

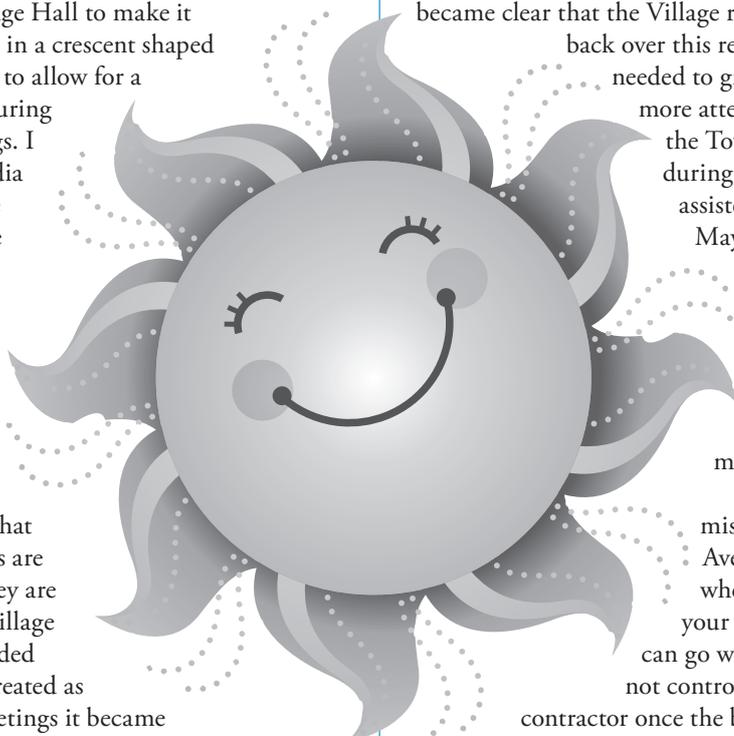

the magnitude, or how to solve it. I brought the leaders from all facets of government boards and private groups together. We needed to start communicating with each other. We started talking about how we could understand the problem, and then how to fix the problem. This led us to a code review as well as a Town/Village survey. Out of those two items it gave myself, this group, Planning Board, Zoning, and the Village Board a direction and how to proceed. I would be remiss if I didn't thank Kathy Rayburn, Tim Maher, and Mitch Donovan for your wisdom and guidance in this process.

One of the elements I found early on in this process was Code Enforcement. Code Enforcement had been traditionally done by the Town of Victor. It became clear that the Village really needed to take back over this responsibility. We needed to give our Village residents more attention to detail than the Town could provide. So during my Administration assisted by my Deputy Mayor, Mike Crowley, and the Village Board, we hired our own Code Enforcement Officer. Which turns out to be one of the best decisions we ever made.

One of my bigger mistakes, was the Maple Avenue project. Even when you think you have your bases covered, things can go wrong fast. I could not control the construction contractor once the bid was awarded. I could only mitigate the wind or dust. I could not control it. My mistake was I should have made personal contact early on with the Maple Avenue neighborhood residents. Those residents have been patient and understanding. We work very hard to mitigate the problem, and lessons the burden to those residences. Phase 2 should be much smoother.

I'd like to take an opportunity to thank all those who supported me. I thank all those who opened their homes to me, it was very kind and generous. I took time to listen and understand your concerns. Then I took those concerns and fought for your causes.

I end this letter with one of my favorite it quotes by Isaac Newton: "If I have seen further, it is by standing on the shoulders of giants."

Village of Victor General Information

By Pamela Hogenes, Village Clerk

The Village Clerk's office is open Monday through Friday, 8:30 A.M. to 4:30 P.M. Summer Hours for July & August are 8:00 A.M. to 4:00 P.M. The Village Hall is located at 60 East Main Street. The Village Clerk's phone number is 924-3311.

The Department of Public Works Spring/Summer working hours are Monday through Thursday, 6:00 A.M. to 4:30 P.M. The Department of Public Works is located at 150 Rawson Road. The DPW phone number is 924-2004.

Village Board of Trustees meetings are scheduled on the first and third Monday's of the month. The meetings start at 7:00 P.M. at the Village Hall and are open to the public.

If you would like to contact us via e-mail, please select departments, Village Clerk and contact us to the right at www.victorny.org. Or, feel free to e-mail the Village Clerk directly at villageclerk@villageofvictor.org.

Direct Debit Program

The Village Clerk's office would like to remind our water/sewer customers that we do offer a direct debit program for your quarterly billing. An enrollment form for this program can be either picked up at the Clerk's office or one will be mailed to you by simply contacting the Clerk's office at (585) 924-3311. This program is of no cost to the customer.

Board Agendas and Minutes Notifications

If you would like Village Boards agendas and minutes either e-mailed or texted to you, please go to the Victor website (www.victorny.org), select Notify Me to the left and click on the envelope and select how you would like to receive the notifications and from which boards.

2017 Village Tax Collection

The 2017 Village tax collection will start on June 1, 2017. The Village tax process is conducted by the Village Clerk's office.

The Village Clerk's office is located in the Village Hall, 60 East Main Street, Victor, NY 14564. Our office hours are Monday through Friday 8:30 A.M. – 4:30 P.M. We can be reached by phone at (585) 924-3311.

Payment without penalty is due by Monday, July 3, 2017. No partial payments will be accepted. Any Canandaigua National Bank branch will accept full payments in person from June 1, 2017 to June 30, 2017 only. Checks should be payable to Tax Collector.

Payments must be made by cash or check only. Please make sure your check is made out correctly. Any checks made out incorrectly will be returned and may be subject to penalty if not postmarked by July

3, 2017. It is not legally permissible for this office to rescind penalties.

If using an online banking service to pay your bill, please read your agreement as the bank may not mail your payment for up to seven (7) days after withdrawing money from your account.

If you have changed your mailing address, paid off your mortgage or no longer have an escrow account and the tax bills need to be mailed to you, please notify this office as soon as possible at (585) 924-3311 and leave your information.

Your Village tax bill will be available online on the Town/Village website www.victorny.org. You will have the ability to view and print your current tax bill and prior ones back to 2014.

The 2017-2018 tax bills will be on the home page under Local News beginning June 1, 2017 until November 2, 2017. There will also be a link to your Town & County and Victor Central School tax bills for your convenience.

After November 2nd, you will then be able to find them under Departments, Tax Collection, Pay Taxes.

Budget Time

During the first 4 months of 2017, the Village Board schedules public workshops for the preparation of the Village's budget. The Village's budget year runs from June 1st to May 31st. It is always a challenge given the 2% tax cap as dictated by the State along with the unfunded mandates municipalities are subjected to. This year, the Village tax rate will increase from \$4.28/\$1,000 to \$4.35/\$1000 but will still stay under the 2% tax cap. Monroe County Water Authority (MCWA) supplies the water to the Village residents and businesses. Each year MCWA increases their charge to us by 3% to 5%. The Village absorbs this increase as long as possible before passing it along to the property owners. This year, the water rate will increase slightly from \$4.95/1,000 gals to \$5.15/1,000 gals. for inside the Village users and from \$6.40/1,000 gals to \$6.65/1,000 gals for outside the Village users.

Village Elections

Village elections were held on March 21, 2017. We would like to congratulate Gary Hadden for Mayor, Larry Rhodes returning as Trustee and Michael Crowley returning as Trustee.

Farmers' Market

The opening of the Farmers' Market is scheduled for June 7, 2017. The Farmers' Market will be held at Village Hall parking lot on Wednesdays, and run from 3:00 to 7:00 P.M. Vendor and Sponsor openings are still available, call 924-3311.

Employee Recognition

Town of Victor Recognizes
Employees for

Going Above and Beyond!

EMPLOYEE OF THE MONTH – SEPTEMBER 2016

Eric Linke, Highway Department, was nominated Employee of the Month by a volunteer at the Swap Shop. Eric has been very helpful to the volunteers at the Swap Shop by helping out on his down time. He lifts heavier items and also helps to discard heavy items that are not moving from the Swap Shop. There are many times when the volunteers do not have someone with the strength to do so. Eric has been extremely kind and helpful in those times. Kudos to Eric!

EMPLOYEE OF THE MONTH – OCTOBER 2016

Scott Hopkins, Highway Department, was nominated Employee of the Month by Tina Kolaczyk. Scott has been evaluating the fire extinguishers services and inspections for all Town buildings in order to keep us in compliance and to minimize costs. Scott investigated prices of fire extinguisher inspections and consolidated them under one contractor at a significant cost savings. Thank you Scott!

EMPLOYEE OF THE MONTH – NOVEMBER 2016

Brian Emelson, Director Parks & Recreation Department, was nominated Employee of the Month by Tina Kolaczyk. Brian noticed a laptop case in the Town parking lot one evening after a meeting. He found the owner's name in the case and took the computer to the person who was very relieved. Great Job Brian!

EMPLOYEE OF THE MONTH – DECEMBER 2016

Dave Knapp, Highway Department, was nominated Employee of the Month by Bob Graham. In the midst of a snow storm, Bob's windshield wiper fell off. He went to the Highway garage hoping someone there could fix it. Dave gladly took a look and not only repaired the wiper, but topped of the washer fluid. On a cold snowy day the Highway crews had their hands full, but took the time to help a fellow employee. Thanks Dave!

EMPLOYEE OF THE MONTH – JANUARY 2017

Dave Krenzer, Transfer Station/Recycle Department, was nominated Employee of the Month by Ken Wilson. With two fellow employees being out on disability, Dave has stepped up to the plate. With two guys out, Dave is the only full-time employee in the department and he has handled it with skill, hard work, and dedication. Things have been generally running smoothly despite the circumstances and Ken wanted everyone to know how much he appreciates it. Thank you Dave!

THANK
YOU

Thank you for
your years of Service!

Town of Victor Honors Employees

The Town Board initiated a Service Award Program in 2014 to recognize employees that have served the municipality for extended years. This is an exceptional feat, considering the rapid turnover typical of the employment market over the last 20 years. The Town Board, with the assistance of the Customer Service Committee, crafted a program to recognize employees that have reached current milestones of 5, 10, 15, 20, 25 and 30 years, as well as any that may occur in 5 year increments after that. On February 28th the Town held its third award ceremony for employees that reached a milestone year in the year 2016. Employees were recognized for their years of dedicated service with a light lunch, a certificate, and a round of applause from their co-workers and family. Jack Marren did the honor of conducting the presentations.

*Congratulations to the following Employees on their
Years of Service with the Town of Victor!*

25 YEARS

Mark Years 1991-2016

5 YEARS

Felicia Skibinski 2011-2016

Village Holiday Closings

The Village Hall and the Department of Public Works will be closed the following days:

- Memorial Day, Monday May 29, 2017
- Floating Holiday, Monday, July 3, 2017 (tax collector is open)
- Independence Day, Tuesday, July 4, 2017
- Labor Day, Monday, September 4, 2017

REMINDER: The Village of Victor has implemented a Zero Sort Recycling Program. You no longer need to sort your recyclables. You may use a 32 gallon container or continue using the blue bins.

In case of Emergency, call the Village's cell phone at 370-7564 or 760-3738.

John C. Turner,
Director of
Public Works
for the Village
of Victor,
(585) 924-2004

Village Director of Public Works

John C. Turner

2017 Projects

The DPW will continue with the Maple Avenue Reconstruction Project – Phase II starting on or about May 1, weather permitting.

This year, the DPW will be completing Maple Avenue. This will include curbing, sidewalks, driveway aprons and new asphalt roadway. We plan to complete work before the start of school. The road will be closed during this time using the same detours as last year.

Miscellaneous

There is no dumping of toxins into the catch basins; this water enters into our streams. The dumping of grease and cooking oil down your sink is prohibited. Please put contents into a sealed container and dispose with your garbage.

Lastly, please remember, if you ever have a sewer backup in your home, please call the Village DPW BEFORE you call a plumber so that we can check to see where the problem is located. If it is in the Village's right of way, we will take care of it.

SPECIAL RECOGNITION

Two of our longest working Village Department of Public Works employees are retiring on March 31, 2017. With a combined 56 years, each of these employees will be irreplaceable. We wish them well and with the utmost respect and gratitude, thank them for their service to the Village of Victor.

L to R: Al Turner, Waste Water Treatment Plant Operator: 26 years. Dale Conover, Working Supervisor: 30 years

Best of luck in your retirement Dale and Al!

Village

A Message From the Victor Fire Department

By Mark Eifert, Deputy Chief Victor Fire Department

The Victor Fire Department completed its busiest year ever, with 515 calls in 2016. As 2017 progresses, we continue to be one of the most active departments in Ontario County. Our volunteers keep themselves involved with the numerous emergency calls and by keeping up with our readiness to serve the citizens of Victor.

But, the fire department is not all work and no play. Our members are looking forward to the spring and summer seasons, which bring our biggest community events. Stop by the fire house on Memorial Day morning for our pancake breakfast. It's a great start before watching the parade. Our famous Chicken BBQ is scheduled for June 3rd and August 19th, starting at 4:00 P.M. If you haven't tried our Chicken BBQ, you are missing out! Make sure you aren't late, as the 450 chicken dinners sell out in about an hour

every year. June 10th is our second annual Victor Fire Music Fest, at the Fireman's Field off Maple Avenue. Last year's inaugural event was a great success, with music by Everheart and the Skycoasters, food trucks, and local beer and wine vendors. Grab your lawn chair and come and join us. Keep an eye out for updates, on the digital message board, at the intersection of Maple Avenue and Adams Street.

As always, the Victor Fire Department is looking for new members to join us. Our fire fighters come from all different walks of life, and include moms and dads, teenagers, and grandparents. If you have an interest, live in Victor, and are at least 16 years old, stop by any Monday night at 7:00 P.M. We will show you around the fire house, explain our mission, and tell you about the benefits of serving this community!

Annual Drinking Water Quality Report for 2016

Village of Victor, 60 East Main Street, Victor, NY 14564
Public Water Supply ID#3401166

INTRODUCTION

To comply with State regulations, the Village of Victor will annually issue a report describing the quality of your drinking water. The purpose of this report is to raise your understanding of your drinking water and of the need to protect our drinking water sources.

We performed a minimum of two water quality tests per month this past year to detect the presence of total coliform and e-coli. We have also sampled our system for the levels of asbestos, by-products of chlorination, lead and copper in our drinking water. This testing showed that your drinking water met all of the required standards to provide you with safe drinking water.

This report provides an overview of last year's water quality. Included are details about where your water comes from, what it contains, and how it compares to State standards.

We want you to be informed about your drinking water. If you have any questions about this report or concerning your drinking water, please contact Jon McConnell, Water System Operator by phone at (585) 924-3311 or jon7681@netscape.net.

WHERE DOES OUR WATER COME FROM?

In general, the sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and can pick up substances resulting from the presence of animals or from human activities. Contaminants that may be present in source water include: microbial contaminants; inorganic contaminants; pesticides and herbicides; organic chemical contaminants; and radioactive contaminants. In order to ensure that tap water is safe to drink, the State and the EPA prescribe regulations which limit the amount of certain contaminants in water provided by public water systems. The State Health Department and the FDA's regulations establish limits for contaminants in bottled water which must provide the same protection for public health.

Our water system serves 2,689 people from just over 1,000 service connections. Our water in the Village of Victor is supplied solely by the Monroe County Water Authority (MCWA). The MCWA is the third largest supplier of drinking water in New York State and one of the 60 largest water suppliers in the United States. In June of 2001, the Village of Victor permanently discontinued the use of our East Main Street Springs and began supplying our distribution system with all MCWA supplied water. The MCWA utilizes surface waters from Lake Ontario as the

primary source and provide complete treatment, including coagulation, sedimentation, filtration, disinfection with chlorine and fluoridation prior to distribution. The MCWA also uses water from Hemlock Lake, Lake Erie, The Niagara River, Tonawanda Creek, and wells in Corfu and Batavia.

The New York State Health Department has evaluated the susceptibility of water supplies statewide to potential contamination under the Source Waters Assessment Program (SWAP). In general the Great Lakes sources used by the Shoremont Treatment Plant of the MCWA and the water they purchase from the Town of Ontario and ECWA are not very susceptible because of the size and quality of the Great Lakes. Hemlock and Canadice Lakes which are the source waters for MCWA's Hemlock plant are not very susceptible as a result of their size and the tight control of the system's watershed. The well water used at the Corfu Plant is more susceptible but the confined nature of the aquifer provides protection against the few possible contaminant sources. The Tonawanda Creek and the well water used by the City of Batavia plant are much more susceptible because of the smaller watershed and the number of potential contaminant sources in it. Because storm and waste water contamination are potential threats to any source water, the water provided to our customers undergoes rigorous treatment and testing prior to its delivery.

INFORMATION ON FLUORIDE ADDITION

Our system is one of the many drinking water systems in New York State that provides drinking water with a controlled, low level of fluoride for consumer dental health protection. Fluoride is added to your water by the MCWA before it is delivered to us. According to the United States Centers for Disease Control, fluoride is very effective in preventing cavities when present in drinking water at an optimal range from 0.7 to 1.2 mg/l (parts per million). To ensure that the fluoride supplement in your water provides optimal dental protection, the State Department of Health requires that the MCWA monitor fluoride levels on a daily basis. 95% of the samples that were taken this year fell in the range of .7 to .9 mg/l. The highest monitoring result for fluoride was 2.1 mg/l. This occurred 1 time during the year due to work on the delivery system of the fluoride to the system. This level was still below the 2.2 mg/L MCL for fluoride.

Continued from Page 27...

IS OUR WATER SYSTEM MEETING OTHER RULES THAT GOVERN OPERATIONS?

During 2016, our system was in compliance with applicable State drinking water operating, monitoring and reporting requirements.

ARE THERE CONTAMINANTS IN OUR DRINKING WATER?

As the State regulations require, we routinely test your drinking water for numerous contaminants. These contaminants include: total coliform, turbidity, inorganic compounds, nitrate, nitrite, lead and copper, volatile organic compounds, total trihalomethanes, haloacetic acids, radiological and synthetic organic compounds. The table presented below depicts which compounds were detected in your drinking water. The State allows us to

test for some contaminants less than once per year because the concentrations of these contaminants do not change frequently, some of our data, though representative may be more than one year old.

A more detailed table of testing which the MCWA has conducted throughout the year can be seen on their web site at www.mcwa.com.

It should be noted that all drinking water, including bottled drinking water, may be reasonably expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the EPA's Safe Drinking Water Hotline (800-426-4791) or the Geneva District Office of the New York Department of Health at (315) 789-3030.

Table of Detected Contaminants

Contaminant	Violation Yes/No	Date of Sample	Level Detected (Avg/Max) (Range)	Unit Measure	MCLG	Regulatory Limit (MCL, TT or AL)	Likely Source of Contamination
Total THM's	no	02/15-11/15	36.4(4)	ug/l	N/A	80	By-products of water chlorination
HAA5	no	02/15-11/15	9.3(4)	ug/l	N/A	60	
Copper	no	8/27/14	0.225(2)	mg/l		AL=1.3	Corrosion of household plumbing
Lead	no	8/27/14	8.1(3)	ug/l		AL=15	Degrading transmission mains
Asbestos	no	12/13/11	0	count	7	7	
Total Coliform	no	3/month	none	n/a	n/a	Absence	Animal or human activities
Total E-coli	no	3/month	none	n/a	n/a	Absence	

1 – Turbidity is a measure of the cloudiness of the water. We test it because it is a good indicator of the effectiveness of our filtration system. State regulations require that turbidity must always be below 1 NTU. The regulations require that 95% of the turbidity samples collected have measurements below 0.3 NTU

2 – The level presented represents the 90th percentile of the 10 sites tested. A percentile is a value on a scale of 100 that indicates the percent of a distribution that is equal to or below it. The 90th percentile is equal to or greater than 90% of the copper values detected at your water system. In this case, 10 samples were collected at your water system and the 90th percentile value was the second highest value. The action level for copper was exceeded at none of the sites tested.

3 – The level presented represents the 90th percentile of the (10samples) samples collected. The 90th percentile value is the second highest value at the locations we tested. The action level for lead was exceeded at none of the sites tested.

4 – This level represents the annual quarterly average calculated from data collected.

Definitions:

Maximum Contaminant Level (MCL): The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible.

Maximum Contaminant Level Goal (MCLG): The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

Action Level (AL): The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water

system must follow.

Treatment Technique (TT): A required process intended to reduce the level of a contaminant in drinking water.

Non-Detects (ND): Laboratory analysis indicates that the constituent is not present.

Nephelometric Turbidity Unit (NTU): A measure of the clarity of water. Turbidity in excess of 5 NTU is just noticeable to the average person.

Milligrams per liter (mg/l): Corresponds to one part of liquid in one million parts of liquid (parts per million - ppm).

Micrograms per liter (ug/l): Corresponds to one part of liquid in one billion parts of liquid (parts per billion - ppb).

WHAT DOES THIS INFORMATION MEAN?

We have learned through our testing that some contaminants have been detected, however, none of these contaminants were detected above the level allowed by the State.

We are required to present the following information on lead in drinking water:

- If present, elevated levels of lead can cause serious health problems, especially for pregnant women, infants, and young children. It is possible that lead levels at your home may be higher than at other homes in the community as a result of materials used in your

Continued on Page 29...

Continued from Page 28...

home's plumbing. The Village of Victor is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline (1-800-426-4791) or at <http://www.epa.gov/safewater/lead>.

INFORMATION ON CRYPTOSPORIDIUM AND GIARDIA

Two of the contaminants that MCWA tests for are Cryptosporidium and Giardia. These two parasitic protozoans have caused outbreaks of intestinal diseases in the U.S. and overseas. They are common in surface waters and represent a potential health problem for anyone drinking untreated or poorly treated water. In 2016 Cryptosporidium and Giardia were not detected in any of the samples collected at the Shoremont, ECWA, or Town of Ontario Plants. No special precautions are needed by the general population to use our water.

Although our drinking water met or exceeded State and Federal regulations, some people may be more vulnerable to disease causing microorganisms or pathogens in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice from their health care provider about their drinking water. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium, Giardia and other microbial pathogens are available from the Safe Drinking Water Hotline (800-426-4791).

TASTE AND ODOR

You may notice a chlorinous taste and odor in your water. Although some people may find this objectionable, we are required to maintain chlorine residual in the distribution system to prevent the growth of bacteria. Simply storing water drawn from your tap in a container overnight in your refrigerator will eliminate or reduce the taste. An inexpensive carbon filter will do the same thing, but they should be replaced regularly.

WHY SAVE WATER AND HOW TO AVOID WASTING IT?

Although our system has an adequate amount of water to meet present and future demands, there are a number of reasons why it is important to conserve water:

- Saving water saves energy and some of the costs associated with both of these necessities of life;
- Saving water reduces the cost of energy required to pump water and the need to construct costly new wells, pumping systems and water towers; and
- Saving water lessens the strain on the water system during a dry spell or drought, helping to avoid severe water use restrictions so that essential fire fighting needs are met.
- You can play a role in conserving water by becoming conscious of the amount of water your household is using, and by looking for ways to use less whenever you can. It is not hard to conserve water. Conservation tips include:
 - Automatic dishwashers use 15 gallons for every cycle, regardless of how many dishes are loaded. So get a run for your money and load it to capacity.
 - Turn off the tap when brushing your teeth.
 - Check every faucet in your home for leaks. Just a slow drip can waste 15 to 20 gallons a day. Fix it and you can save almost 6,000 gallons per year.
 - Check your toilets for leaks by putting a few drops of food coloring in the tank, watch for a few minutes to see if the color shows up in the bowl. It is not uncommon to lose up to 100 gallons a day from one of these otherwise invisible toilet leaks. Fix it and you save more than 30,000 gallons a year.

HARDNESS AND HOME TREATMENT UNITS

Water hardness is a measure of the mineral content of water. Our water, which has a hardness of between 5.1 and 7.5 grains per gallon, is considered "moderately hard". By the way of comparison, before we switched to MCWA supplied water, the Village of Victor used Ground water supplies with Total Hardness values of about 20 grains per gallon.

Do not let anyone pressure you into buying a water treatment system by telling you that your water is not safe. The water we provide to you is consistently better than the drinking water regulations require.

CLOSING

Thank you for allowing us to continue to provide your family with quality drinking water. In order to maintain a safe and dependable water supply we sometimes need to make improvements that will benefit all of our customers. The costs of these improvements may be reflected in the rate structure. Rate adjustments may be necessary in order to address these improvements. Questions regarding our water rates, billing, or scheduling meter changes and final readings can be handled by our staff at our Village Hall. Their number is (585) 924-3311 and their hours are Monday through Friday, 8:30 A.M. to 4:30 P.M.

We ask that all our customers help us protect our water sources. These natural resources are the heart of our communities, our way of life, and our children's future.

Jon McConnell,
Water System
Operator

of Victor,
(585) 924-2004

Village Brush & Yard Waste Collection

John C. Turner, Director of Public Works for the Village of Victor

Beginning the first Monday in April through the third Monday in November (weather permitting) the Village will provide curbside brush and yard waste collection following a monthly schedule (Listed below). **Please place brush and yard waste at the curb no earlier than 6:00 P.M. the day prior to your scheduled collection day and no later than 7:00 A.M. of your scheduled collection day to insure pickup. In order to keep on schedule, it is essential that residents follow these procedures.** Any brush which does not meet regulations, or is set out on the wrong date, will not be picked up. If you have any questions, please call the Department of Public Works at 924-2004, or the Village Hall at 924-3311.

The Village of Victor no longer collects yard and garden waste bagged in plastic. Yard and garden waste may be placed in a can or receptacle; filled weight not to exceed 75 pounds. Larger brush and tree limbs should be bundled, with rope or twine (not wire), in bundles no longer than 4 feet long, or weighing more than 75 pounds. Residents interested in bagging their materials should use large paper leaf bags. These 30-gallon paper bags are available for purchase at most home and garden stores. Do not rake, sweep or place yard waste of any kind on street pavement or gutters as they may clog the drains.

THE VILLAGE DOES NOT PICK UP SOD.

AREA 1

1st MONDAY of Each Month

Alpine Way	Kent Dr
Ambassador Dr	Lynaugh Rd
Andrew St	Salem Cir
Clover Ln	Somerset Ln
East Parkway	Tareyton Dr
Forest Ave	Winston Dr

AREA 2

2nd MONDAY of Each Month

Church St	Moore Ave
Dryer Ave	S. High St
Dunbridge Ln	Sagamore Way
Duxbury Cir	Valley View Cir
Glendower Way	Valley View Dr
Hillcrest Dr	Webster Ave

Village Large Trash Pickup Schedule

John C. Turner, Director of Public Works for the Village of Victor

John C. Turner,
Director of
Public Works
for the Village
of Victor,
(585) 924-2004

The Village of Victor has designated two times during the course of the year in which residents can dispose of appliances, household items, and large quantities of brush.

If you need to dispose of these items at any other time during the year, you may reserve the Village Rolloff for a fee of \$180.00 by calling the Village Hall at 924-3311, or you may utilize the Town of Victor's Transfer Station, located at 60 Rawson Road, after first obtaining a permit from the Town Highway Office in Building "B".

We appreciate your cooperation in not placing these items at the curb with your weekly garbage.

Please note: This service is for Village residential properties only.

PLACE ITEMS AT THE CURB NO EARLIER THAN 6:00 P.M. TWO DAYS PRIOR TO YOUR SCHEDULED COLLECTION DAY, AND NO LATER THAN 7:00 A.M. MONDAY MORNING TO INSURE PICKUP.

NOTE: DO NOT PLACE FOOD GARBAGE, WET PAINT, TOXIC ITEMS, OR RECYCLABLES IN THIS PICKUP.

CALENDAR OF EVENTS

April 2017

April 29 – 2017 Arbor Day Event; Victor Municipal Park, 10:00 A.M. to 2:00 P.M., Volunteers Needed

April 29 – Pitch, Hit & Run; VCS Campus Field #24, 10:00 A.M., (Rain Date: 5/6/17)

April 29 – Fishers Fire Department “Recruit NY” Open House; Fishers Fire Dept Station #1, 7853 Main Street Fishers, 11:00 A.M. to 3:00 P.M.

May 2017

May 4 – Victor Business Awards Luncheon; Cobblestone Creek Country Club, 11:30 A.M.

May 5-12 – Week for Honor Flight Fundraiser; Victor Businesses, for more information contact Mike Stockman at (585) 742-0147.

May 6 – Victor Garden Club Plant Sale; Victor Farmington Library parking lot, 9:00 A.M.

May 12 – Craft Beverage Fest; Ravenwood Golf Club, 6:00 to 9:00 P.M.

May 13 – Victor Hiking Trails Monthly Hike; Vine Crest/Midlands & Beaumont, 9:00 A.M., meet at parking lot off Mosely Rd/Route 250. For more details go to: www.victorhikingtrails.org

May 24 – Historic Plaque Presentation; Town Hall, 85 East Main Street, 7:00 P.M.

May 29 – Memorial Day Breakfast; Victor Fire Hall, 34 Maple Ave, 6:00 A.M. to 9:00 A.M.

May 29 – Memorial Day Parade; Main Street, 10:00 A.M.

June 2017

June 3 – National Trails Day; Seneca Art & Culture Center at Ganondagan, 8:00 A.M. to 2:00 P.M., call Victor Hiking Trails at (585) 234-8226 for more info.

June 3 – Chicken BBQ; Victor Fire Department, 34 Maple Avenue, 4:00 P.M.

June 3 – Western NY Bike Festival; Dryer Road Park, 9:00 A.M. to 4:00 P.M. Contact Cindy Fleischer, 585-314-6745

June 7 – Opening of *Victor Farmers’ Market; Village Hall Parking lot, 3:00 P.M. to 7:00 P.M.

June 10 – Victor Hiking Trails Monthly Hike; Mendon Ponds Park at ADK Expo, 10:00 A.M., meet at VHT tent. For more details go to: www.victorhikingtrails.org

June 10 – Relay For Life of Ontario County; Finger Lakes Gaming & Racetrack, 3:00 P.M. to Midnight (Rain Date: 6/17/17)

June 10 – Victor Fire Music Fest; Fireman’s Field, 6:00 to 10:00 P.M.

June 14 – *Victor Farmers’ Market

June 15 – Sid Partington Memorial Concert; Victor Community Band & Chorus, Victor Municipal Park, 7:00 to 8:30 P.M.

June 17 – Honey Dipper Food & Beverage Event; Kettle Ridge Farm, 515 Log Cabin Road, 12:00 to 6:00 P.M.

June 17 – Hershey’s Run, Jump and Throw Track Meet; VCS Track, 2:00 P.M.

June 21 – *Victor Farmers’ Market

June 22 – Sid Partington Memorial Concert; Vintage, Victor Municipal Park, 7:00 to 8:30 P.M.

June 24 – 8th Annual “Gone Fishin” Youth Fishing Derby; Victor Municipal Park, 10:00 to 11:30 A.M.

June 28 – *Victor Farmers’ Market

June 29 – Sid Partington Memorial Concert; The Johnny Bauer Band, Victor Municipal Park, 7:00 to 8:30 P.M.

July 2017

Wednesdays – *Victor Farmers’ Market

July 6 – Sid Partington Memorial Concert; Soul Express, Victor Municipal Park, 7:00 to 8:30 P.M.

July 8 – Victor Hiking Trails Monthly Hike; Wesley Nature Preserve, 9:00 A.M., meet behind Town Hall. For more details go to: www.victorhikingtrails.org

July 10 – Opening of Cruise Night; Village Hall parking lot, 5-8:00 P.M.

July 13 – Sid Partington Memorial Concert; Teagan and the Tweeds, Victor Municipal Park, 7:00 to 8:30 P.M.

July 15 – Summer in the Square - NEW; Mead Square Parking Lot, 6-9:00 P.M.

July 17 – Cruise Night; Village Hall parking lot, 5-8:00 P.M.

July 20 – Sid Partington Memorial Concert; Ann Mitchell Jazz, Victor Municipal Park, 7:00 to 8:30 P.M.

July 22 – Bike Rodeo; Dryer Road Park Box Lacrosse Rink, 10:00 to 11:30 A.M.

July 22-23 – Ganondagan Native American Dance & Music Festival, 1488 State Route 444, Victor, 10:00 A.M. to 6:00 P.M.

July 24 – Cruise Night; Village Hall parking lot, 5-8:00 P.M.

July 27 – Sid Partington Memorial Concert; Flint Creek, Victor Municipal Park, 7:00 to 8:30 P.M.

July 31 – Cruise Night; Village Hall parking lot, 5-8:00 P.M.

August 2017

Wednesdays – *Victor Farmers’ Market

August 4 – Summer Stage 2017; “Legally Blonde Jr”, VEC Auditorium, 7:30 P.M.

August 5 – Summer Stage 2017; “Legally Blonde Jr”, VEC Auditorium, 7:30 P.M.

August 6 – Summer Stage 2017; “Legally Blonde Jr”, VEC Auditorium, 2:00 P.M.

August 12 – Victor Hiking Trails Monthly Hike; Chimney Bluffs State Park, 9:00 A.M., meet behind Town Hall. For more details go to: www.victorhikingtrails.org

August 14 – Cruise Night; Village Hall parking lot, 5-8:00 P.M.

August 19 – Chicken BBQ; Victor Fire Department, 34 Maple Avenue, 4:00 P.M.

August 19-20 – “Dryer In” Movie & Family Campout; “Finding Dory”, Dryer Road Park, 6:30 P.M.; Free

August 21 – Cruise Night; Village Hall parking lot, 5-8:00 P.M.

August 28 – Cruise Night; Village Hall parking lot, 5-8:00 P.M.

***The Farmers’ Market is open every Wednesday through October 25th from 3:00 to 7:00 P.M., Village Hall Parking Lot, 60 E Main St.**

All these events and more can be found on the Victor Website under the Community Calendar at www.victorny.org/Calendar
