Leisure Lines from the Director of Parks and Recreation...

What do you do to connect with the outside world? You know...the world just out your front door or down the street? Today, there are numerous indoor activities which command our attention including video and computer games, social media, Netflix, and Hulu. The winters alone in Western New York have a tendency to make us hibernate from our neighbors with the exception of running into them at the Railside Market, Food at Fishers Station or maybe a brief wave from the driveway while shoveling snow.

A couple of years ago, I hit a BIG birthday - #50. In the days and months leading up to that milestone, daily life was pretty routine for me, but I did find myself becoming somewhat reflective. I thought about my school days when I would come home, drop my books and head out the door to my friends to play pick-up basketball, trade baseball cards or just play in the woods. Having a 14-year old at home, I noted a much different pattern. Our daughter Maeve is more likely to grab the iPad, throw on her headphones or plop on the couch and watch television. With the exception of church and our regularly scheduled weekend "dog hikes" with friends and their chocolate lab - Maeve tends to hunker down inside. One of our goals this season is to have more outdoor time as a family!

This summer, please be our personal guest for a Thursday evening concert at the bandshell at Victor Municipal Park or sit under the stars for our annual Dryer-In Movie and Campout! The volunteers from Victor Hiking Trails and I invite you to National Trails Day on Saturday, June 3rd with guided hikes leaving from Ganondagan and the Seneca Art and Cultural Center in the morning and early afternoon. Or perhaps visit your local trailhead on your own at nearby Fishers Park, Dryer Road Park or along one of the rail trails and stroll with a family member or friend.

Seniors can join us for numerous trips including a tour of the Mt. Morris Dam with a lunch stop on Conesus Lake or wine tasting and lunch at Glenora Winery on Seneca Lake! In May and June, we have drop-in pickleball on Tuesdays at the Recreation Center and on the 3rd Wednesday of the month our themed luncheons offer seniors the chance to socialize and have a great meal in cooperation with our partners at The Legacy.

MARK YOUR CALENDARS for Friday, April 21st! Summer camps, swim lessons and recreation program registration opens. This year, we will be offering a before care and after care program in conjunction with our popular day camp which kicks off on July 5th. In addition, we will be offering youth and adult tennis lessons in cooperation with Empire Tennis Academy. Please consult the pages of this recreation brochure for specific information on dates, times and places to meet!

The Department of Parks and Recreation and the multiple outdoor public spaces in our Town and Village cater to those craving to bond with the natural world. There are no admission fees or software requiring you to download. The only requirements are a pair of sneakers and a smile (and perhaps a little sense of adventure). So this season...just get outside!

All the Best,
Brian C. Emelson, CPRE • Director of Parks and Recreation

SWIM LESSON LEVELS DESCRIPTIONS

Note: If needed, participants may be moved to a more appropriate level on the first day of class.

Introduction to Level 1: This is for children 4-5 years old who are unable to stand in the shallow end but are ready for more independence than the tot program. They will work on floating independently, flutter kicking and rolling over onto their back. These skills are essential in keeping this age group safe in both pools and lakes. Upon passing this level, it is possible the child may be ready for level 2 (Instructor's discretion).

Level 1 (Beginner 1): If your child is under the age of 6, please refer to Intro to Level 1. This group is for children who are able to stand in the shallow end independently. They will work on putting their face in the water, blowing bubbles and floating on their front or back.

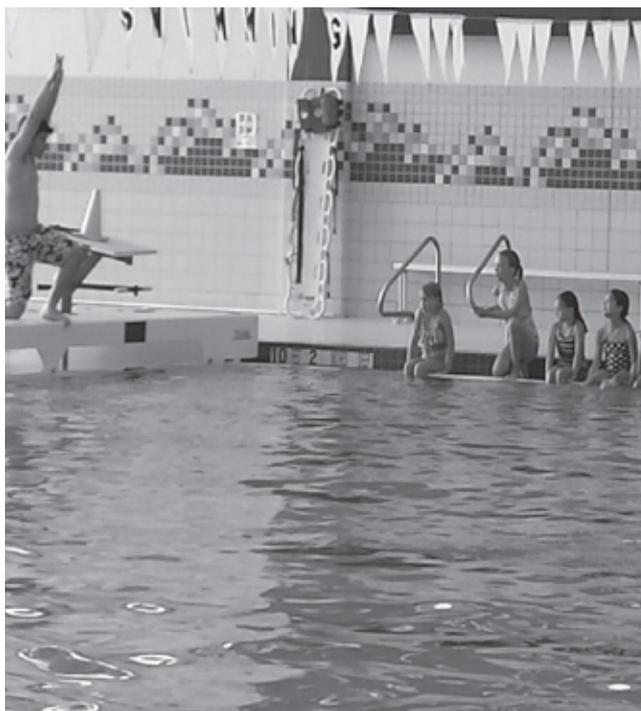

Level 2 (Beginner 2): Children in this group can float a little and feel comfortable with their faces in the water, but are still working on making progress through the water.

Level 3 (Beginner 3): This group can swim in the shallow end with their faces in the water, but continue to work on the confidence to feel comfortable in water over their head.

Level 4 (Advanced Beginner): Children can swim in the deep end but are working on rhythmic breathing on front crawl and performing the elementary backstroke.

Level 5 (Intermediate): Swimmers can rhythmic breathe on front crawl and perform the elementary backstroke, but are working on the breaststroke, sidestroke, and/or back crawl.

Level 6 (Swimmer): This group can perform the six basic strokes: front crawl, elementary backstroke, breaststroke, sidestroke, back crawl and butterfly. Level 6 now has four components that will be covered in the lesson: Personal Water Safety, Pre-Lifeguard Training, Fitness Swimmer and Fundamentals of Diving.

HEALING AND TRANSFORMATIVE POWER OF MEDITATION

Meditation is not just about being quiet nor is it about the absence of challenges. It is about being the witness or observer of one's life experiences. Through increasing awareness, we learn to transcend the ego that thrives on drama, pain and suffering. Meditation develops concentration and promotes deep relaxation, with the brain emitting alpha and theta waves. These waves have the power to calm the mind, relax the body and balance and harmonize the discordant energies within us. When we allow meditation to become a part of our lives, we are in reality reconnecting to the sacred silence that resides in us and allows the inner peace to permeate in our outer life. The sessions will include the use of the crystal singing bowls and how these sounds can expedite one's healing and transformation.
