

WINTER WEATHER DRIVING TIPS

BEFORE DRIVING

- Check tires, antifreeze, windshield wiper blades, fluids, and batteries
- **COMPLETELY** clean off your vehicle of snow & ice

WHILE DRIVING

- Drive according to the conditions, and stay well below the posted speed limit
- Expect the unexpected, leave plenty of room between yourself & other vehicles

WHAT TO DO IF YOU START SKIDDING

- **Gently** steer into the skid to regain control of the vehicle
- Use safe braking techniques to avoid skidding

KEEP AN EMERGENCY KIT ON YOU

The kit should include:

- Jumper cables
- Blankets
- Tools
- Water & snacks
- Warm clothes
- Flashlight
- Flares
