**Public Statement from the Victor Town Board Regarding the Potential
Dissolution of the Fishers Fire District**

To the Residents and Businesses of the Fishers Fire District:

The Victor Town Board wishes to address the community regarding the recent developments involving the Fishers Fire District. Should the Board of Fire Commissioners vote to dissolve the district, we want to assure you—our residents and businesses—that your safety and well-being remain our highest priority.

Although this matter has been thrust upon the Victor Town Board, we are fully committed to addressing it with the seriousness and urgency it demands. We recognize the critical importance of uninterrupted fire and emergency medical services, and we are working diligently and expeditiously to ensure the seamless continuation of these services for the Fishers Fire District and for the entire Town of Victor.

In close collaboration with Victor Farmington Ambulance, the Victor Fire District, and other neighboring public safety agencies, we are actively developing operational plans to maintain strong fire and EMS response capabilities. At the same time, we are carefully examining financial strategies with the goal of addressing the tax burden on residents of the Fishers Fire District.

The Victor Town Board is absolutely committed to this process. We are taking decisive steps to ensure that our residents and businesses will continue to receive timely, professional, and effective fire protection and emergency medical services.

We thank you for your patience and trust as we work through this critical transition.

Sincerely,

**The members of the Victor Town Board (with the exception of
Councilman Drew Cusimano, who has recused himself from all matters
before the Town Board concerning the Fishers Fire District).**
